FOREWORD

This Municipal Handbook is compiled annually under the direction of the City Council, to furnish the citizens of Toronto, and others, with official information relative to the administration of the City. It is presented in the hope that its perusal may stimulate and encourage the citizens generally to take a greater interest in the communal life of their City and in good municipal government, which, in the last analysis, is the basis of sound democratic government.

J. W. SOMERS, O.B.E.,

ARMS OF THE CITY OF TORONTO
Heraldically Described

SHIELD.—Quarterly of four. 1. Gules, three Lions passant, gardant in pale, Or; 2. Or a Beaver, proper. 3. Argent, a garb, proper. 4. Azure, a Steamboat, Or.

CREST.—On a Mural Crown, Or, a Beaver, proper.

SUPPORTERS.—*Dexter*, a North American Indian, habited and armed; in the belt a scalping knife; in the right hand a tomahawk, the left arm leaning on a bow; all proper. *Sinister*, Britannia helmed and cuirassed; the right hand supporting a trident, the left hand resting on a shield bearing the crosses of St. George, St. Patrick, and St. Andrew, combined; all proper.

MOTTO.—Industry, Intelligence, Integrity.

PAST AND PRESENT

The History of Toronto dates back almost three hundred years, when the first French adventurers were guided by their friendly Indians to the "place of meeting", which is the Indian meaning of the name for Toronto. It was undoubtedly a centre of trade early in the eighteenth century, becoming important enough to be made a fortified post in the summer of 1750, when the French built a fort and named it

Fort Rouillé, after the Colonial Minister at that time. In the war between the French and the English, the fort was burned, in order to prevent English occupation in 1759.

Governor John Graves Simcoe has been given the credit for choosing the site of the present City of Toronto, as the capital of the Province of Upper Canada. Governor Simcoe favoured laying out the new capital on the site of the present City of London, but was overruled by his superiors in Quebec and ordered to proceed with the laying out of the site of the new capital on the present site of the City of Toronto. Accordingly, in the spring of the year 1793, the troops were moved over from Niagara-on-the-Lake (Newark) and commenced to lay out the new town. Apart from the military works, no buildings were erected in York until 1794, when the homes of officials were built. One of the noted achievements of Governor Simcoe was the opening of Yonge Street to Lake Simcoe, which was completed in 1796; at that time York comprised only twelve blocks, immediately north of the Parliament Buildings, then situated close to the waterfront at the foot of what is now Berkeley Street. The present intersection of King and Yonge Streets was not then in existence.

On August 26, 1793, Governor Simcoe

Toronto—continued

changed the name of the Town to York in honour of the Duke of York, son of the then King George III, and at noon the next day, a salute was fired in commemoration of the change. The Town was occupied by the United States forces in 1813, at which time the Legislative Assembly Buildings and Archives were burned.

Self-Government was granted the Town of York in 1817, and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto, by an Act of the Province of Upper Canada passed on March 6, 1834. Toronto's incorporation was made permanent by an Act of 1840. William Lyon Mackenzie, the grandfather, on his mother's side of the present Prime Minister of Canada, was elected the first mayor of the City of Toronto, in the year 1834. (It is interesting to note that while William Lyon Mackenzie was in exile in New York State following the rebellion of 1837, his youngest daughter was born who afterwards became the mother of our present Prime Minister. Oddly enough the mothers of both former Prime Minister Churchill and the late President Roosevelt were born also in New York State.) The first Municipal election in the City of Toronto was held March 27, 1834. All male householders had the franchise, whether owners or tenants. The City

was divided into five wards, and in each, two aldermen and two councilmen were elected.

STANDARD TIME INVENTED BY A TORONTO CITIZEN

One of the notable achievements of a citizen of Toronto, in the earlier days, was the invention by Sandford Fleming in 1879, of a new system of reckoning time. This system is now the legal system of marking time throughout most of the civilized world. He was knighted by the late Queen Victoria, in recognition of the importance of his invention.

The City of Toronto is the capital of the Province of Ontario and is Canada's greatest commercial and industrial centre. This City is the mailing centre of Canada as well as the air-hub of Eastern Canada, with ultra-modern airport facilities, comparable to the finest on the continent. Toronto is the headquarters of the Meteorological Service of Canada and is the home of the University of Toronto, famous throughout the world as a seat of learning. Toronto has the distinction of having the greatest mining Stock Exchange in the world and is rapidly becoming the undisputed financial centre of Canada. This City is noted above all cities in the British Empire, for the number of

telephones in use; about 275,000 of which are in use in the Toronto exchange area and some 13,000 in the City's suburbs.

The Canadian National Exhibition, the world's greatest Annual Fair and the Royal Winter Fair, Canada's premier Annual Agricultural, live stock and horse show, are both located permanently in Toronto; the operation of these two outstanding shows was discontinued during wartime.

STRATEGIC LOCATION OF TORONTO

The City of Toronto is situated most fortunately. If one looks at a map of the Province, it can be seen readily that the section of which Toronto is the centre, juts deeply into the United States, and is bounded on the west by Lake Huron, on the south by Lake Erie and Lake Ontario, and on the north and east by the waters leading into the Ottawa River. Into this great wedge of the choicest land on this continent, pours the wealth of the West in grain which is shipped by way of the Welland Canal; from the great northland of Ontario come the basic minerals which are processed here in Toronto and shipped all over Canada and to the world outside.

Toronto is proud of its reputation of never

having defaulted nor asked for a renewal of a debt.

CITY HALL

The Town of York erected a new Market-building in the year 1831. Part of this building was fitted up as a City Hall. Here the first city council meeting of the newly created City of Toronto was held in the year 1834. This building was demolished in 1849.

The first City Hall was erected in the year 1845 on the south side of Front Street between Jarvis and Market Streets. It now forms part of the St. Lawrence Market.

The site of the present City Hall, situated on Queen Street between James and Bay streets, was intended, originally, for Court House purposes only, but it was decided, subsequently, to erect a combined City Hall and Court House thereon.

The cornerstone of the present City Hall was laid November 21, 1891, and the building was opened for public business on September 18, 1899. The total cost (including site, clock, bells and furniture) did not exceed $2,500,000.

City Hall — continued

THE GREAT STAINED GLASS WINDOW IN THE CITY HALL

The scene depicted in this remarkable window, "The Union of Commerce and Industry", symbolizes the upbuilding of Toronto. The Civic Queen stands hand in hand with the sponsor of Industry, behind whom are grouped representatives of the various trades, while on her right, representing Commerce, are figures symbolic of the continents. Toronto's shipping and building interests are also depicted in the design. The distant building surmounted by a cupola is a faithful representation of the old City Hall front, while the portion of the structure with scaffolding surrounding it is the south-west corner of the new City Hall, from a careful drawing specially made for the window at the time the building was in the course of construction. The rising sun, emblematical of activity, spreads its rays across a wide expanse of sky and sea. In the top panels, the Arms of the City of Toronto are shown with the Motto: "Industry — Integrity — Intelligence", flanked by symbolic figures of "Peace" and "Honour".

The window, owing to its originality of design and special artistic excellence, has long since become well known, and is ever a source of pleasure to visitors, more particularly to persons

City Hall — continued

familiar with the technical details of such a work. The window measures 16 x 23 ft. It was designed by Mr. Robert McCausland, of Toronto, and carried out in his studios under his personal supervision in 1899.

MUNICIPAL GOVERNMENT AND ELECTIONS

The Government of the City of Toronto is vested in a Municipal Council under the provisions of the Municipal Act passed by the Government of the Province of Ontario.

The Council is composed of the Mayor and four members of the Board of Control, who are elected annually by the voters at large, and eighteen Aldermen, elected annually from the nine wards into which the City is divided, two from each ward, making a total membership of 23.

The Municipal Act provides that the meeting of the Electors for the nomination of candidates for Mayor, Controllers, Aldermen and the Board of Education and the day for the polling, shall be held between the Friday preceding the last Monday in November and the first day of January, both inclusive, except a Sunday and the 24th, 25th and 31st days of December, provided that the day fixed for nominations is at least fourteen days prior to the day fixed for polling.

Municipal Government and Elections—continued

Nominations for Mayor and Controllers must be made from 10 a.m. and not later than 11 a.m. at the City Hall with the City Clerk as Returning Officer presiding; nominations for Aldermen and Board of Education must be made from 12 noon and not later than 1 p.m. at a school building located in each ward, with a Returning Officer, representing the City Clerk, presiding.

CIVIC ADMINISTRATION

The Council as a whole is the legislative body of the Municipality and carries on its work through the Board of Control and the following Standing Committees, viz.: Committee on Works, Committee on Property, Committee on Parks and Exhibitions, Committee on Legislation and the Committee on Public Welfare.

The Board of Control is the executive body of Council and, as such, is responsible for the preparation of the annual estimates; the regulation and supervision of all matters relating to finances and expenditures, revenue and investments; the management of all matters relating to the financial portion of the Water Works, the administration of the Fire Department, the operation and management of the Municipal Abattoir; the consideration and revision of all by-laws and agreements that may be authorized by

Civic Administration — continued

the Council; the supervision and control of all books, documents, vouchers and securities belonging to the Corporation; the renting or leasing of any property belonging to the Corporation (except lands upon the Island); the preparation of specifications, calling for tenders and the awarding of all contracts for works, materials and supplies required by the Corporation; the nomination to Council of Heads of Departments and sub-Departments in case of a vacancy; the carrying on of public works authorized by Council and the general administration of the affairs of the City, except as to the Department of Education and Police, the former being under the control of the Board of Education elected by the voters annually (similar to Council, two members elected from each of the nine wards in the City) and the latter under a Board of Commissioners of Police.

The Council, without a two-thirds vote, cannot reverse or vary the action of the Board of Control in respect to tenders, when the effect of such vote would be to increase the cost of the work, or, to award the contract to a tenderer other than the one to whom the Board has awarded it. The Municipal Act also provides, that the Council shall not appropriate or expend any sum not provided for in the Estimates, or a

Civic Administration — continued

supplementary Estimate approved and certified by the Board of Control, without a two-thirds vote of Council. The Board of Control is vested with power to dismiss or suspend any Head of Department and forthwith report same to Council, and such official cannot be re-appointed or re-instated, without a two-thirds vote of Council. The Heads of Departments, under the provision of a by-law, have full power to dismiss, suspend or demote any subordinate officer, clerk or employee.

All reports of Committees are submitted first to the Board of Control and then transmitted by that body to the City Council, with such amendments as the Board may deem advisable.

The Local Board of Health is a statutory body and not a Committee of Council. It derives its authority under the provisions of the Public Health Act. By an amendment to the said Act in 1943 it is provided that, in a city having a population of 100,000 or over, according to the enumeration of the assessors for the last preceding year, the council may by by-law provide that the local board shall consist of the Mayor, the Medical Officer of Health and five resident ratepayers, at least two of whom shall not be members of the Council, who shall be appointed

Civic Administration — continued

annually by the Council at its first meeting in every year.

Pursuant to the foregoing statutory authority, City Council on January 10, 1944, passed by-law No. 16064, which provides that the Local Board of Health of the City of Toronto shall consist of the Mayor, the Medical Officer of Health and five resident ratepayers, at least two of whom shall not be members of the Council, who shall be appointed annually by the Council at its first meeting in every year. Three of the five resident ratepayers appointed by the City Council at its inaugural meeting, this year, were elected representatives, namely, Aldermen Frost, Roelofson and Shannon.

The City Council, on December 10, 1945, on the recommendation of the Local Board of Health, approved of the establishment of a policy, that one of the five members to be appointed to the Local Board of Health by the City Council, shall be a nominee of the Academy of Medicine.

The function of the Board is to give direction to the enforcement of the provisions of the Public Health Act and regulations, and of all civic by-laws of health import.

INFORMATION RELATING TO MUNICIPAL ELECTIONS

BASIS OF VOTERS' LIST

In accordance with the Voters' List Act, the City Clerk is required to commence the preparation of the Voters' List, immediately after the return of the Assessment Roll for any Ward by the Assessor. The Assessment Rolls for the City of Toronto are returned by the Assessors to the City Clerk, at various times in the year, according to Wards, commencing with Ward 1 on March 1st this year, followed at stated times by Wards 2, 3, 9, 5, 6, 7, 8, and lastly Ward 4 returnable on September 6th.

The Voters' List when completed for the whole City by Wards, is posted in the City Clerk's Office about the first week in November in each year. Two copies of the Voters' List are distributed to each Judge of the County of York, to the Mayor and each member of Council, to every postmaster in the municipality, to each local Member of the Federal and Provincial Governments, and to other authorized persons as set out in the Voters' List Act. These Lists are certified by the Clerk as being a correct list of all persons appearing by the last revised Assessment Roll, in the case of names on Part 1 of the List, to be voters at both Provincial and Municipal Elections, or, at Municipal Elections in the case of names on Part 2 of the List.

Municipal Elections—continued

The City Clerk, pursuant to the Voters' List Act, causes to be inserted, once a week for three weeks in such daily newspapers published in the City as may be directed by the Judge, calling upon persons who are aware of errors or omissions in the Lists, or, of any changes by reason of death or removal of any person named therein, or, of any person who has acquired the necessary qualifications as a voter since the return of final revision of the Assessment Roll for any Ward, to give notice of the same. The notice in the newspapers names a time and place at which the Judge will hold a Court, for revising the Lists for the whole City.

The time for making complaints as to errors or omissions in the Lists, is within fifteen days after the first publication of the notice in the newspaper, respecting the posting of the Voters' List by the City Clerk.

PERSONS ENTITLED TO BE ENTERED ON THE VOTERS' LIST

Every person shall be entitled to be entered on the Voters' List prepared under Part 1 or Part 2 of the Voters' List Act, who is,

(a) of the full age of 21 years;

(b) a British Subject by birth or naturalization;

Municipal Elections—continued

(c) not disqualified under the Municipal Act or otherwise by law prohibited from voting; and

(d) rated or entitled to be rated for an amount of $400 on the last revised Assessment Roll of the City of Toronto, for land held in his or her own right as owner or tenant or who is the wife or husband of the person so rated or entitled to be rated for land as owner or tenant.

The Assessment Act as amended in 1939 provides that no portion of any building used or intended to be used as a residence shall be separately assessed unless it is a domestic establishment of two or more rooms in which the occupants usually sleep and prepare and serve meals.

IMPORTANCE OF NOTICE OF ASSESSMENT

Every person entitled to have his name entered on the Voters' List, should receive an assessment notice, prior to the date of the return of the Assessment Roll for his particular Ward. (See page 80) for date of return of Assessment Rolls). If you do not receive an assessment notice and possess the qualifications of a voter as shown above, it is probably because the

Municipal Elections—continued

proper information was not given to the Assessor when he called at your house to make the annual assessment. In such case, you should lodge an appeal with the Assessment Commissioner within ten days from the date of the return of the particular Assessment Roll to the City Clerk, to have the same corrected by the Court of Revision. It must be remembered, that the City Clerk only places the names of those persons on the Voters' List, who appear by the last revised Assessment Roll to possess the necessary qualifications to become voters. This neglect on the part of the citizen, is one of the chief causes for complaint on Election Day, that names of persons entitled to vote, have been left off the Voters' List.

The notice given in the newspapers about the first of November in each year, as to the posting of the Voters' List by the City Clerk, is the citizen's last and final opportunity to have his name added to the Voters' List. Fifteen days are allowed in which to examine the List and, if the same is not correct, to enter an appeal to have same corrected in accordance with the facts. It is the paramount duty of every citizen, to see that his name is included in the Voters' List, and also to exercise his municipal franchise on Election Day, as a means of fur-

thering the good government of his particular municipality.

VOTING ON MONEY BY-LAWS

The persons qualified to vote on a money by-law shall be those persons shown on the voters' list as, (1) owner; (2) tenant whose lease extends for the time for which the debt is to be created or in which the money to be raised by the proposed by-law is payable, or for at least twenty-one years, and who has by the lease covenanted to pay all municipal taxes in respect of the property, other than local improvement rates, provided he makes and files with the City Clerk not later than the tenth day before the day appointed for taking the vote, a declaration under the Canada Evidence Act, so stating;

(3) The nominee of a corporation assessed upon the last revised list as owner of property provided the said corporation, not later than the tenth day before the time appointed for taking the vote, files with the Clerk an appointment in writing of a person to vote as its nominee and on its behalf.

In a city divided into wards, a voter shall be entitled to vote on a money by-law in each ward in which he has the prescribed qualifi-

Voting on Money By-laws—continued

cation, but **shall not be entitled to vote more than once on any other by-law or on any question submitted to the electors,** unless it is otherwise provided by the Act, by-law or other authority under which the vote is taken.

COURT OF REVISION

James A. R. Mason, Commissioner

The Assessment Rolls are returned and the Court sits to hear appeals against the general assessment of the City upon the following days:

Ward No.	Date for Return of Roll	Date of Commencing Court of Revision
1	March 1st	April 1st
2	March 29th	April 29th
3	April 26th	May 27th
9	May 17th	June 24th
5	June 14th	July 15th
6	July 13th	August 26th
7	July 26th	September 9th
8	August 16th	September 23rd
4	September 6th	October 7th

Appeals must be filed within ten days after the return of the Assessment Roll, as stated on the notice of assessment, and must be lodged with the Assessment Commissioner.

The Court also sits from time to time throughout the year to hear appeals in respect of local improvement works, vacancy allowances and business tax adjustments.

The City Clerk is the Clerk of the Court.

Sittings of Court are held in Room No. 201, City Hall, 2nd Floor, North side.

MAYOR'S OFFICE

Robert H. Saunders, K.C., Mayor

The Mayor, being the Chief Executive Officer of the Corporation, his office assumes a very important position in the organization of the Civic Administration.

His Worship is the head of the Council and as such, is responsible for the direction and control of all Civic Departments in this Municipal Corporation. The importance of this position may be gauged by the magnitude of the City's annual revenues and expenditures, amounting to about $36,000,000 annually, placing Toronto as one of the largest governmental institutions in the country.

The Mayor's Office is the focal point of contact with the ratepayers and citizens generally. Many of them, not knowing where else to go, bring their problems, enquiries and requests for information and service to this office. As a matter of fact, the Mayor, through the Executive Assistant, is actually, if not in name, the Director of Public Relations for the City.

Similarly, most contacts with the Dominion and Provincial Governments are made through this office, which likewise serves as liaison between the Administration and the City's various Boards and Commissions.

Mayor's Office—continued

Innumerable conferences are held with the senior governments, local Members of Parliament and the Legislative Assembly, as well as with Civic Boards and Commissions and outside organizations and citizens.

In order to secure and maintain greater co-ordination of the various Civic Departments and their activities, the Executive Assistant last year was appointed with wider authority to scrutinize the fyles and correspondence of the Departments; wth power to call the Department Heads into conference at any time to ensure closer co-operation and collaboration, and to bring about improvement and uniformity in departmental operations; and furthermore to act in the name of the Mayor on any matters pertaining to Civic business. Already several improvements have been brought about by this arrangement.

The Mayor is, by virtue of his office, a member of a number of Boards and Commissions, including among others the following:—

Board of Control—Chairman
Ex-officio Member of all standing and special Civic Committees
Local Board of Health
Board of Commissioners of Police—Chairman
Toronto Electric Commissioners.

Mayor's Office—continued

Toronto Public Library Board
Canadian National Exhibition—Board of Directors
Royal Agricultural Winter Fair
Toronto Industrial Commission
Toronto Convention and Tourist Association—Honorary Chairman
City Planning Board
Consumers' Gas Company—Board of Directors
Massey Hall—Board of Directors
Children's Aid Society
Wellesley Hospital
Toronto Reconstruction Council—Honorary Chairman
Red Cross Society—Honorary Vice-President
Canadian Federation of Mayors and Municipalities—National Executive.

From the foregoing, it will be seen that a considerable part of the Mayor's time is taken up in attending meetings, and the Executive Assistant must relieve him of as much administrative detail as possible, and handle many interviews with deputations and individuals. In addtion to all other demands, the Mayor has considered it his duty to meet all troop trains arriving at all hours of the day and night.

The Mayor's Office is one of the busiest offices in the City Hall. It deals with much

Mayor's Office—continued

correspondence daily, handles many hundreds of interviews, and arranges scores of conferences, in addition to the preparation of innumerable briefs, reports, addresses, and messages of greeting.

It has certain statutory duties with regard to considering and issuing hundreds of permits for raffles and draws under the Criminal Code, and is charged with issuance of Children's Permits, under the Children's Protection Act.

The following information will give some slight idea of the functions of and the volume of business transacted by the Mayor and the staff of his office:—

Permits for raffles and draws issued in 1945..... 248
Permits refused for raffles and draws in 1945 56
(Yearly average for 15 years—423)
Invitations for conventions, issued in 1945..... 25
(Drastically reduced from former years, owing to conditions arising from war, such as travel restrictions and shortage of hotel accommodation. Normal years run from 200 to 250.)
Conferences held in 1945..... 249
Civic Receptions held in 1945..... 12
Articles for magazines and programmes, and greetings, in 1945, approximately..... 45
Number of hotel reservations made in 1945..... 43

Mayor's Office—continued

An innovation of great interest and importance, inaugurated last year by the Mayor, and which met with instant general approval, was the development of Sunday radio broadcasts to keep the citizens informed on Civic activities. The programme, "The Mayor Reports to His People", at one o'clock on Sunday afternoons, has become a very popular feature.

The Mayor has made a most important contribution to creating a more friendly feeling on the part of other municipalities throughout the Province of Ontario towards the City of Toronto, and in overcoming the spirit of antagonism which heretofore has existed. In an effort to break down the feeling that Toronto is self-centred and only interested in itself, he wrote the Mayors and Reeves of sister municipalities last year, and again this year, offering assistance and information where desired, and placing at their disposal all available facilities provided by the City, the Toronto Industrial Commission and the Toronto Convention and Tourist Association. Hotel accommodation has been arranged for visiting members of Council and officials from other municipalities, and secretarial service has been provided to them as required, through the City Clerk.

The War Veterans' Information Office and the

Mayor's Office—continued

Local Ration Board Offices form part of the organization of the Mayor's Office and come under its direction and control.

Fred C. Hamilton
Executive Assistant to the Mayor

MAYOR'S OFFICE:
Room 207, City Hall Telephone: AD. 7171

SUMMARY OF OPERATIONS OF THE DEPARTMENT OF THE CITY CLERK

James W. Somers, O.B.E., City Clerk

Room 209, City Hall

Telephone, Adelaide 7171

The Council of every Municipal Corporation is required, under the provisions of The Municipal Act, to appoint a Clerk for the Municipality, and may also appoint a Deputy City Clerk to act in the absence of the Clerk or in the case of a vacancy in the office.

Under the provisions of the aforesaid Act, the statutory duties of the Clerk, condensely recited, are:

(a) Record all resolutions, decisions and other proceedings of the City Council, and if required by any member present, to record the name and vote of every member voting on any matter or question.

(b) To keep the books, records and accounts of the City Council.

(c) To preserve and file all accounts acted upon by the City Council.

(d) To keep in his office or in the place appointed for that purpose, the originals of all by-laws and of the Minutes of the proceedings of the Council.

Department of the City Clerk—continued

(e) To perform such other duties as may be assigned to him by the City Council.

The secretarial duties of the Board of Control, all Standing and Special Committees of Council and of the Local Board of Health are carried out by the Department of the City Clerk.

Other Statutory Duties

(1) The City Clerk is Secretary of the Local Board of Health (required by the Public Health Act.)

(2) The City Clerk is the Clerk of the Court of Revision and at the sittings of the County Judge on assessment appeals. In the discharge of these duties, the Clerk arranges sittings of the Court, records the decisions made thereat on Assessment Appeals, and revises the Assessment Rolls accordingly. He is also charged with recording all applications to the said Court for rebate of taxes on account of vacant tenements and buildings, and computes allowances granted accordingly under provision of City By-law.

(3) The City Clerk is the Issuer of Marriage Licenses (Marriage License Act.)

(4) The City Clerk has charge of the registration of births, marriages and deaths (Vital Statistics Act), and all records pertaining thereto which are maintained daily. Monthly records

Department of the City Clerk—continued

are completed in time for delivery to the hands of the Provincial Authorities on the last day of each month.

(5) The City Clerk under the Voters' List Act is required to prepare the Municipal Voters' List annually and acts as Secretary to His Honour the County Judge in the hearing of appeals respecting the errors or omissions therein. A staff of approximately six are engaged on this work during the whole year which is completed progressively in wards.

(6) The City Clerk is the Returning Officer for the whole of the City at Municipal Elections and is charged with the carrying out of all requirements of the Municipal Act respecting elections. In addition to other related work this requires the selection and appointment of 863 Deputy Returning Officers, a like number of Poll Clerks and Special Constables and a number of election assistants. In addition to arranging for the use of schools, approximately one hundred and twenty-five private places are procured as polling places.

(7) Under the provisions of the Local Improvement Act, the City Clerk is required to examine petitions for and against local improvement works and to certify as to the sufficiency of the signatures thereon.

Department of the City Clerk—continued

(8) The Statutes require that official documents be served on the City Clerk, and he is responsible for the proper allocation of same.

One of the interesting statutory duties of the City Clerk carried out in conjunction with the Mayor and Board of Assessors, is the compilation of the Jury list for the Clerk of the Peace, containing the names of persons to serve as jurors during the current year.

The City Council assigns to the City Clerk many and diversified matters to be attended to on behalf of the Administration.

By direction of Council, the office of the City Clerk prepares all formal civic addresses and letters of condolence. He prepares public advertisements, public proclamations and notices, and all similar matters for publication in the newspapers. The City Clerk arranges all civic functions, such as receptions or dinners to distinguished visitors, special public services or entertainments such as Remembrance Day Services, V-E and V-J celebrations, civic welcomes to returning veterans and other items too numerous to mention.

One of the most interesting of the publications issued by the City Clerk, is the Toronto Municipal Handbook which contains a wealth of pertinent information respecting the City of Toronto and its various Commissions.

Department of the City Clerk—continued

The City Clerk is considered, and rightly so, as the authority in all matters affecting proper municipal procedure and etiquette.

Other Items

The Clerk performs all Departmental account work and also that of the City Council.

The Clerk prepares lists of property owners for the Legal Department in connection with notifications sent out respecting hearings of the Ontario Municipal Board.

Operates a central mailing depot and departmental distributing centre.

In conjunction with Toronto Honour Roll Committee arranges for the preparation and presentation of memorials to next-of-kin of those Toronto residents killed on Active Service in the recent war.

Arranges details for Reception of returned soldiers.

Responsible for preparation of all official letters embodying orders of the City Council, Board of Control, Committees, etc., and official business of the Department. Many thousands of such letters are personally signed by the City Clerk.

The City Clerk's Department might be referred to as the clearing house for general civic business.

Owing to the very wide and diversified nature

of the many duties the Clerk is called upon to fulfil during the various periods throughout the year, it is rather difficult to place a definite description to all the tasks involved.

Improvements Effected

In 1945 a physical renovation of office quarters was completed, which is a general benefit to the general public and also to the personnel. The duties of the principal divisions of the main staff have been co-ordinated and this provides more businesslike administration. The Assessment Rolls and Voters' List work have been amalgamated leaving the main office free for general business which can be dispatched in a dignified manner.

BIRTHS, MARRIAGES AND DEATHS

All births and marriages must be registered at the Department of the City Clerk Branch Office, Room 150, first floor, City Hall, North side, within thirty days from the occurrence thereof.

Telephone Adelaide 7171, Local 18, for general information respecting Vital Statistics.

Physicians in attendance are required to send in notices of births; parents or occupants of dwellings where births occur are required to register same.

Deaths must be registered at the Department of the City Clerk Branch Office, Room 150, first floor, City Hall, North side, or at any police station, before a permit to bury can be issued.

Physicians in attendance are required to certify as to deaths.

Neglect or failure to send in notices in either case renders parties liable to a fine not exceeding ten dollars and costs.

Vital Statistics for Ten Years

Year	Births	Marriages	Deaths
1945	**15,416**	**8,290**	**8,443**
1944	15,039	7,699	8,554
1943	15,666	9,423	8,726
1942	14,376	12,123	8,226
*1941	12,316	10,723	8,093
1940	11,371	9,629	7,755

Births, Marriages and Deaths—continued

*Births and Deaths include stillbirths, with the exception of 1941 birth figures.

Marriage License Branch

Marriage Licenses issued during office hours at Department of the City Clerk, Branch Office, Room 151, first floor, City Hall, North side.

Telephone Adelaide 7171, Local 17.

The number of Marriage Licenses actually issued (in Toronto), by the City Clerk in 1945, was 8,075.

Unless a marriage is solemnized within three months from the date of issue of the Marriage License, the License lapses without any provision for an extension of time. No rebate or refund of the fee for a Marriage License is permissible in any circumstances.

A Birth Certificate or other evidence filed with an application for a Marriage License is not returnable.

When neither applicant has his or her usual place of abode in the Province of Ontario, the Assistant Provincial Secretary, Parliament Buildings, Toronto, must be communicated with respecting the necessary evidence required in such cases: or with respect to special authorization.

Births, Marriages and Deaths—continued

Compliance with certain regulations is required in the case of an applicant who is divorced and the divorce took place outside the Dominion of Canada; a copy of such regulations may be obtained from the Assistant Provincial Secretary, Parliament Buildings, Toronto.

LOCAL IMPROVEMENT WORKS

When the owners of property on any street or lane desire a pavement, sidewalk, curbing, grading, sewer or water main, or when the property owners in any locality desire the opening, widening, extension or diversion of a street or lane, **application should be made to the Department of Works for a form of petition to the Council for the work or improvement.** The petition issued by the Department contains an estimate of the cost of the work and the estimated rate of assessment per foot frontage. When the petition has been signed by two-thirds in number of the owners representing at least one-half in value of the lots liable to be specially assessed, the Council, with the approval of the Ontario Municipal Board, may proceed with the work and subsequently assess the cost against the lots abutting directly on the work.

If it is found, when the petition is presented, that the names of two-thirds in number of the property owners representing at least one-half in value of the property have not been obtained, and if the Council nevertheless determines, on the recommendation of the Commissioner of Works, that the work is necessary and in the public interest, it may direct, with the approval of the Ontario Municipal Board, that the work be proceeded with unless a majority of the interested

Local Improvement Works—continued

property owners, representing at least one-half in value of the property to be assessed, petition against it within one month after the Council has given notice of its intention to proceed therewith. The foregoing procedure, which is called the "initiative" procedure, may also be followed on the recommendation of the Commissioner of Works, or on the joint recommendation of the Commissioner of Works and Assessment Commissioner, in the case of certain works, when there has been no petition for the improvement.

Under authority of section 8 of the Local Improvement Act, the Council, if it deems a work necessary in the public interest, may proceed therewith, with the approval of the Ontario Municipal Board, notwithstanding any petition to the Council opposed thereto. The vote of the Council to proceed with the work must be a two-thirds vote of the whole Council.

Where the work is a trunk sewer, trunk water main, or the opening, widening, extending, diverting or grading of a street, the Council may by a three-fourths vote of the whole Council assume part of the cost and assess part of the cost against abutting lands and also lands benefited by the work.

TORONTO MUNICIPAL ABATTOIR

Earl E. Hunt, Commissioner.

This service was inaugurated August 4th, 1914, as a public slaughtering establishment with cold storage (high and low temperature) accommodation. It is essentially, to the greatest extent, a public health institution, and while the fact of its existence may perhaps at times have had a tendency to regulate the price of meats, the purpose of its establishment was to concentrate the slaughtering of food animals within the City, so that the evils attendant upon the operation of small slaughter houses might be eliminated.

Slaughter House Records, 1945

	Number Slaughtered
Cattle	44,979
Calves	27,418
Sheep and Lambs	20,877
Hogs	40,179
Total	133,453

DEPARTMENT OF BUILDINGS

Kenneth S. Gillies
Commissioner of Buildings
Room No. 18, Ground Floor City Hall
Telephone, Adelaide 7171

The Department of Buildings has charge of the following:

1. The examination of Plans, and issuing of permits for all buildings.
2. The licensing of Passenger Elevators.
3. The licensing of Dry Cleaning, and Spotting and Stain Removing establishments.
4. The preparation of plans and specifications and the supervision of erection of Civic Buildings.
5. The inspection and supervision of all Signs, Canopies and Fire Escapes over Public Property.

During the past year 48 licenses were issued for the operation of Dry Cleaning Plants and 213 licenses were issued for Spotting and Stain Removing Establishments including Fur Cleaning Firms.

4,615 permits were issued in 1945, for buildings erected or altered at a cost of $12,782,152, which is an increase of over 65 per cent. above the previous years' building programme.

Licenses were granted for the operation of 1,292 Passenger Elevators.

DEPARTMENT OF CITY PLANNING AND SURVEYING

Tracy D. leMay, Commissioner
Room 333, Third Floor, City Hall
Telephone, Adelaide 7171

The Department of City Planning and Surveying provides a valuable combination of the interlocking services of Planning, Surveying and Traffic Engineering. This combination under the one administrative head permits ready co-ordination where necessary and results in a high rate of efficiency in the transaction of the City's business.

The Department was created by the separation of the Surveying Branch from the Assessment Department in 1930 following the preparation by a Committee of the Heads of Departments of a General Plan of highway improvements. Some progress was made towards the implementation of this plan, but the ensuing depression and the war, necessitated the deferment of further action.

In 1942 the urgent need for a post war program, the increasing traffic problems and the evident progressive deterioration of many residential areas, brought about the appointment of a City Planning Board for the purpose of preparing a comprehensive master plan for the

Department of City Planning and Surveying
—continued

City and its suburbs that would provide a pattern for City growth for the next 30 years. This plan, which included far reaching proposals for physical and social betterment, a zoning by-law, a net-work of fully grade-separated express highways and an extensive program of reconstruction of substandard residential areas, was not entirely satisfactory to Council, and, in 1945 a new Board was appointed on the lines of legislation which is being sought to place planning on a permanent and effective basis.

The Department provides technical assistance for the new Board which is now actively engaged in the preparation of a new master plan.

Since 1912, the City Surveyor's office and later the Department, has been responsible for the City's operations under the Planning and Development Act, under which the City was given a limited jurisdiction over the subdivision of land in suburban areas extending in some instances as far as 10 miles from the City Limits. Under this Act the new subdivision of many thousands of acres has been made to fit into a general pattern of local highways and over 100 miles of existing streets widened without cost to any municipality.

Department of City Planning and Surveying
—continued

The Surveying Division of the Department is responsible for the definition of land boundaries and the preparation of legal descriptions for the purposes of the Administration and all other departments of the Civic Service. In addition, as opportunity occurs it is proceeding, in co-operation with surveyors in private practice, with the stabilization of the street lines of many of the City's more important thoroughfares which are in doubt due to lack of accurate records of the original monuments planted at the beginning of the last century.

The Traffic Engineering Division, which is represented on the Traffic Conference, is concerned with all matters relating to the regulation of traffic. A constant study and analysis of accidents is maintained. This information and data relative to traffic congestion and delays is invaluable for the purpose of designing remedial measures, and, in addition, is essential to the work of the City Planning Board.

TORONTO CITY PLANNING BOARD

Acting Planning Director and Secretary
Room 333, Third Floor, City Hall
Telephone, Adelaide 7171
Tracy D. leMay, O.L.S.

The members of the Toronto City Planning Board appointed in January, 1945, in accordance with the provisions of By-law No. 15761 tendered their resignations early in that year in order to clear the way for the appointment of a permanent City Planning Board pursuant to the provisions of a City of Toronto Bill which it was anticipated would be passed by the Ontario Legislature at the then current Session. The unexpected dissolution of the House before the Bill was passed left the City without a Planning Board and in July, 1945, a temporary Board consisting of Mr. J. P. Maher (Chairman), His Worship the Mayor and Messrs. E. W. Bickle, R. A. Stapells and C. J. Woolsey was appointed to carry on pending action on the Bill at the next regular Session of the Legislature. The Commissioner of City Planning, Tracy D. leMay, acts as Planning Director and Secretary.

The Board is actively engaged in the preparation of an Official Plan for the City which is expected to be ready for review by Council in a preliminary form this year.

FIRE DEPARTMENT

George Sinclair, Chief of Department

Headquarters:

Adelaide Street and University Avenue

Telephone, Adelaide 3579

The Fire Department consists of one Chief of Department, one Deputy Chief, one Assistant Deputy Chief, one Secretary, one Physician, one Accountant, one Record Clerk, two Stenographers, fourteen District Chiefs, one Superintendent Fire Alarm Telegraph, one Assistant Superintendent, three Linemen, four Telephone Operators, four Fire Alarm Telegraph Operators, one hundred and eighteen Captains, one Mechanical Superintendent, three Helper Mechanics, four hundred and eighty (all grades) Firemen, eight Fire Prevention Inspectors, and one Janitor, making a total strength of six hundred and forty-five.

The Department operates under the two-platoon system, operating in two shifts—8 a.m. to 6 p.m., and 6 p.m. to 8 a.m., changing every Sunday, one crew working full twenty-four hours. In addition, each member is allowed one day off each week and fifteen days' annual vacation with pay. If in service over ten years the annual vacation is three weeks. Each member is supplied with uniform clothing by the City.

Fire Department—continued

There is in the Department in service:

21 800-gallon motor pumpers.

1 400-gallon motor pump.

8 Motor aerial turn-table hook and ladder trucks and portable water towers combined.

11 Motor city service ladder trucks.

10 Combination hose motor trucks.

2 High pressure hose trucks.

1 Motor salvage truck.

2 Supply trucks.

2 Repair trucks.

1 Gasoline supply truck.

1 Fire Alarm Telegraph emergency truck.

12 Automobiles.

1 Fire Tug, capacity 1,000 imperial gallons.

72,000 feet 2½-inch fire hose.

6,650 feet 3½-inch high pressure hose.

22,000 feet 2-inch fire hose.

Cost of fire-fighting plant and equipment (exclusive of land and buildings) is $883,191.

Cost of Fire Alarm Signal plant, $279,069.

Value of buildings and land occupied by same, $1,297,798.

PARKS DEPARTMENT

Charles E. Chambers, Commissioner of Parks

Room 15, Ground Floor, City Hall

Telephone, Adelaide 7171

PARKS AND PLAYGROUNDS

The Park System of Toronto comprises 2,194.251 acres of land and water (2,035.121 land, 159.13 water).

There are 105 large and small park and playground areas in the system. In the summer season 54 children's playgrounds are operated within the system in addition to which 67 further playgrounds are operated upon school grounds. During the winter season 72 recreational centres are operated by the Parks Department, of which 64 are operated in school buildings. The registered attendance of children attending these playgrounds in 1945 was approximately 60,000.

Sixteen community centres, also, are now in operation in school buildings.

The following is a summary of the recreation facilities provided in the Park System:—

Equipped playgrounds (including 15 wading pools)	117
Baseball fields	65
Cricket fields	9
Football fields	42
Lacrosse courts	1

Parks and Playgrounds—continued

Horseshoe pitches (40 courts)	6
Tennis courts	266
Bowling greens	36
Skating rinks (including 22 miniature)	100
Hockey rinks	69
Bathing stations	7
Boating stations	3
Fieldhouses	60
Running tracks	2
Picnic areas (accommodation for over 100 persons each)	96

The trees upon the streets of the City, as well as those in the parks, are under the care of the Parks Department. During the past year 2,752 trees upon the streets were sprayed; 1,226 were removed and 9,913 were pruned.

The Exhibition Buildings and Grounds, in which the Canadian National Exhibition is generally held, are maintained by the City through the Parks Department.

DEPARTMENT OF PROPERTY

Graham D. Bland, Commissioner of Property

Room 14, Ground Floor, City Hall

Telephone, Adelaide 7171

Maintenance of Public Buildings

The Department is responsible for the maintenance and operation of such public buildings as the City Hall, Registry Office, Stewart Building and others; all improved buildings rented by the City, such as dwellings, apartments, stores, warehouses, garages, etc. The Department carries out the maintenance work of most City buildings, including Fire Halls, Police Stations and Hospital buildings.

Other duties imposed on the Department are City Hall Switchboard Service, maintenance of Toronto Jail including supplies and all matters except its custodial care which is the responsibility of the Provincial Government; the supervision over St. Lawrence Market, City Garage, weed-cutting services, Bath Houses, public Weigh Scales, public conveniences, Tower Clocks, Coal By-law relative to weights and measures, Smoke Abatement Bureau, Claims Investigation, Fence By-law, Workmen's Compensation for all Civic Departments, Laundry Licenses and Insurance Appraisals respecting fire loans on City properties.

Department of Property—continued

Street Lighting Services

The Department has direct control over the Street and Public Lighting Services in the City.

The lighting facilities now aggregate a total of approximately 48,000 lamps on the streets, in parks, on the Island or in other public places. At the close of last year, the City in conjunction with the Toronto Hydro-Electric System, decided to set up experimental lighting in various parts of the City to determine what could be accomplished in improving the street lighting in the City, by utilizing a more modern type of luminaire (erected on extended bracket), with increased candle power. The new type of luminaire reflects the light by means of deflectors and refractors and spread it uniformly over the pavement and sidewalks and the area between fixtures, thus eliminating glare and dark areas on the roadways, for the greater safety of motorists and pedestrians alike. The experimental lighting, thus far installed, has made a decided improvement in the lighting of the streets. Further experimentation in the scientific determination of the requirements for each residential and business area of the City, is being carried on by the Toronto Hydro-Electric System.

Department of Property—continued

Residential and Re-Zoning By-laws

The Department reports on all applications made to the Committee on Property for the amendment of residential or restrictive by-laws; in almost every case, a poll of the district is taken to ascertain the opinion of the interested property owners in the area adjacent to the location in question, regarding each proposal.

Housing Facilities

A great part of the facilities and organization of the Department has been allocated, during the past year, to conversion and the provision of Emergency Housing premises. The City, at the beginning of the year, had set up over 500 Emergency Housing family units; in addition, the Department has converted one of the staff houses at Malton into approximately 80 additional suites, and, another staff house is being converted into an additional 83 units. The former Deaconess' Training Home at No. 135 St. Clair Avenue West now under conversion into family units, will provide approximately 40 additional units; altogether, so far this year, over 700 family units have been set up by the City to relieve the Emergency Housing situation.

Department of Property—continued

Smoke Abatement

A great deal of attention is given by the Department to the problem of Smoke Abatement and Smoke Control, in the City. There are over 3,000 industrial and commercial plants in Toronto, over which inspection is maintained regarding smoke emission.

A new Smoke By-law has been drafted this year with a view to dealing more adequately with this subject; undoubtedly, a long stride forward will ensue along lines of smoke abatement, when such By-law is passed by Council.

DEPARTMENT OF PUBLIC HEALTH

Gordon Park Jackson, M.B., D.P.H.
Medical Officer of Health

The Administrative offices of the Department of Public Health are located on the Third Floor, City Hall. Telephone, Adelaide 7171.

DISTRICT OFFICES

The Divisions of Medical Services and Public Health Nursing discharge their functions of city-wide health services through 8 District Offices, each under the joint direction of a District Medical Officer and District Superintendent of Nurses. District Offices are located strategically from west to east over the City as follows:

Runnymede—357 Runnymede Road ..... JU. 8959
Parkdale—53 Argyle Street ..... ME. 5709
Hillcrest—760 Spadina Avenue ..... KI. 4164
Yorkville—2398 Yonge Street ..... HY. 7914
University—760 Spadina Avenue ..... RA. 3116
Moss Park—18 Gifford Street ..... MI. 8681
Riverdale—281 Broadview Avenue ..... HA. 2185
East End—299 Main Street ..... GR. 1144

HEALTH STATISTICS

A brief resumé of the health statistics for 1945 reveals the continued success pursuant to

Department of Public Health—continued

all phases of public health activity and the year just completed was one of real progress and achievement. The safeguarding of the water, milk and food supply, supervision of the environmental sanitation, active control of communicable diseases, home visiting, health supervision of school children, the conduct of health clinics, vaccination against smallpox and immunization against diphtheria and whooping cough, and many other services have resulted in better health for Toronto's citizens.

The general death rate of 11.9 per 1,000 population shows an improvement when compared with the rates for the past two years and more than 80 per cent of all the deaths occurred in persons over 45 years of age.

Births occurring in the city reached a rate of 22.1, thus maintaining the higher trend prevalent during the past few years.

One of the highlights of the year was the reduction in deaths from tuberculosis, the current rate of 28.6 per 100,000 population being an improvement of 53 per cent during the past fifteen years. The policy of conducting mass surveys in places of employment has shown excellent results and 251 of the 727 cases reported during the year were discovered in this way.

Fewer persons died from the effects of acute

communicable diseases during 1945 than ever before in the history of the City, only 5 fatalities being recorded for the entire group. Diphtheria cases numbered 14 and the one fatality was an adult of 52 years. Typhoid fever cases reached the low mark of 7 cases, and for the second year in succession, no deaths.

Another outstanding feature of the year is the infant death rate of 32.0 per 1,000 living births. This introduces a new low mark and is a considerable improvement on the former low record of 36.2.

It is also gratifying to report the lowest maternal mortality rate ever recorded in Toronto, that of 2.1 per 1,000 live births.

The foregoing statistics attest to the value of the services rendered to the public and due appreciation must be given to all those who assisted in these endeavours:—private physicians, hospitals, social and health organizations and in no small measure the citizens themselves for their excellent co-operation.

CIVIC AMBULANCES

Telephones, Adelaide 5678-5679

The Civic Ambulance Service, under the control of the Department of Public Health is located at the Coroner's Buildings, 86 Lombard Street.

Department of Public Health—continued

A limited service is provided covering emergency calls, such as accidents of all kinds, City Order cases, and the transportation of all cases of communicable disease. Separate ambulances and staffs are provided for the respective services mentioned. All calls should be directed to the Coroner's Building where the attendant will allocate the call or advise the inquirer if service can not be given.

In case of accident, the patient, if of adult age and conscious, has the right to select the hospital or other destination within the City to which he desires to be taken. In the case of children or those in an unconscious condition the medical attendant, or if none present the police officer will undertake the direction of the ambulance. Failing either of these authorities, the ambulance crew will then take the responsibility for the removal of the injured person.

In cases where a person is found dead and a physician has not been in immediate attendance, the Chief Coroner's Office, 86 Lombard Street—telephone ADelaide 5670, should be notified without delay.

Chorley Park Military Hospital — Douglas Drive.

DEPARTMENT OF PUBLIC WELFARE

Albert W. Laver, Commissioner of Public Welfare

Administrative offices of the Department of Public Welfare are located in the Stewart Building, 149 College Street. Telephone WA. 1082

Emergency Services—Nights, Sundays, Holidays—Telephone, WA. 3061.

DISTRICT OFFICES

Applications for assistance are received, investigated, and aid issued under supervision of three District Welfare Officers from offices conveniently located to serve the divisions into which the City is divided for all welfare purposes. A Social Services Supervisor and staff are also on duty in each District Office. These offices are located as follows:

West District, Bathurst St. to West City Limits, 2368 Dundas St. West. Telephone ME. 4657.

Central District, Bathurst St. to Don River, 75 Church St. Telephone WA. 3061.

East District, Don River to East City Limits, 1298 Gerrard St. East. Telephone HA. 1161.

DEPARTMENTAL DIVISIONS AND SERVICES

Division of Social Care, 149 College St. Telephone WA. 1082.

Division of Hospitalization, 149 College St. Telephone WA. 1082.

Department of Public Welfare—continued

Division of Old Age Pensions, 149 College St. Telephone WA. 1082.

Division of Mothers' Allowances, 149 College St. Telephone WA. 1082.

Accounting Division, 149 College St. Telephone WA. 1082.

Single Men's Division, 75 Church St. Telephone WA. 3061.

Housing Division, 75 Church St. Telephone WA. 3061.

EMERGENCIES

To meet emergencies a service is provided at night, on Sundays and during holidays at the Department's Central Bureau, 75 Church St. (WA. 3061), where cases arising after office hours receive prompt attention through the provision of food, lodgings, medical services, or the care of children arising through eviction of families or other reasons. In addition to this emergency service provided through the Central Bureau a designated senior officer of the Department is always on call in the event of unusual developments.

SEATON HOUSE

Seaton House is a home provided for single men where every endeavour is made to provide rest, nourishment and supervision. These men are convalescing after hospital care, or they are

Department of Public Welfare—continued

ill, aged or only partially employable. A nurse and physician are always available and a qualified orderly is on the premises at all times and medicines are issued on the advice of the physician and nurse. There are men over 70 years of age but not eligible for pension because of broken residence or they are not naturalized citizens. A special section is maintained, including living quarters, kitchen, wash room and dining rooms for tubercular cases where, through sanatorium treatment, the disease has been arrested but the men require rest and special food, etc.

HOUSING DIVISION

A Housing Division is maintained to assist all citizens in retaining or securing suitable living quarters and in preventing evictions where possible. Advice is also given with respect to the rental of property or sale regulations, and action is taken to care for all emergencies pertaining to the shelter of citizens.

UNEMPLOYMENT RELIEF

To those eligible, unemployment relief is issued on an emergency basis or, after investigation, regularly each half month. Provision is made for food, fuel, shelter, clothing and medical services, expenditure for all of which, on an

authorized basis, is subject to Government rebate at prevailing rates. The Department in addition provides supplementary and other necessary forms of assistance at full cost to the City.

DETENTION HOME

Chapter 316, of the Revised Statutes of Ontario, 1937, provides for both Juvenile Courts and Detention Homes, and requires the municipality to establish such an institution which must be satisfactory to the Attorney-General. The Corporation is required to pay all expenses of maintaining children in any Detention Home. It is hoped to bring about some improvement in this Home as at present located and the Department's investigations are continuing and by progressive, adequate and logical direction these children should be beneficiaries of some improved plan for their well-being and future value as Canadian citizens.

RUNNYMEDE HOSPITAL

Runnymede Hospital, located at the corner of Runnymede and St. John's Roads, was established and incorporated under provision of the statutes of Ontario and provides bed accommodation for approximately 130 chronically-ill patients.

Department of Public Welfare—continued

The Hospital office is at the Department of Public Welfare. The officers are as follows:

Luther F. Winchell, President.

Wm. J. Wadsworth, First Vice-President.

Cecil W. Armstrong, Secretary-Treasurer.

DEPARTMENT OF STREET CLEANING

Harold D. Bradley, Street Commissioner

Administrative Office — Ground Floor, west corridor, City Registry Office Building, 90 Albert Street. Telephone, Elgin 8369.

The general services performed by the Department of Street Cleaning include the cleaning of public thoroughfares, collection and disposal of ashes and household waste material, the cleaning of catch basins, the oiling of unimproved roadways, the removal of snow and the placement of abrasives on highways.

For refuse collection purposes, the area of the city is divided into 23 foremen's districts which are again subdivided into three sections, thus permitting a twice-weekly collection in all parts of the city. The average area of each foreman's district is 969 acres, with approximately 25 miles of streets and 6.9 miles of lanes.

For the performance of street cleaning work, there are 5 foremen's districts comprising the downtown and business sections of the city, while the remaining sections are under the jurisdiction of the refuse collection foremen.

During 1945, there was a daily average of 1033 men employed in the various services. 175 truck drivers, 48 horse drivers and 270 labourers were regularly engaged in the refuse collection service.

Department of Street Cleaning—continued

The Department collected 364,258 tons of ashes and 142,750 tons of garbage during 1945. The ashes were deposited in land fills in ravine areas, while all garbage was destroyed by incineration at three high-temperature destructors.

There are 576 miles of streets in the City of Toronto, 548 miles of which are paved and receive regular cleaning. During the summer season of 1945, 130,456 cubic yards of litter were removed from the streets, while 9,000 cubic yards of cleanings were cleared from the catch basins located on these thoroughfares.

When heavy snow falls occur, 300 miles of main arteries receive plowing and from a greater portion of which snow is completely removed. A secondary plowing service is carried out in residential areas upon the completion of the main plowing schedule. All highways, intersections and crosswalks are treated with rock salt and sand during icy weather as a protection for motorists and pedestrians.

DEPARTMENT OF WORKS

George G. Powell, B.A.Sc., Commissioner of Works and City Engineer

Room 10, Ground Floor, City Hall

Telephone, Adelaide 7171

The principal Operating Divisions of the Department of Works are Roadways, Sewers, Railways and Bridges and Water Works.

Average Daily Consumption per Capita in City (based upon population of 681,802) 1945	116

DIRECTOR OF PERSONNEL

George T. Bell, Director of Personnel

The office of the Director of Personnel is located in the City Hall, Telephone Adelaide 7171.

A Director of Personnel was appointed during 1945, who is charged with the following duties:—

The establishment of a Central Civic Employment Registry Agency and the maintenance of a nominal roll of all Civic employees, containing the classification or grading, title of position, salary or wage rate, details of service, status and all other necessary and relevant data pertaining to such employees, other than employees of the Board of Commissioners of Police and the Head of any Department of the Corporation.

Formulation of rules and regulations for examining, selecting, engaging, laying off, promoting or otherwise dealing with personnel and the administration of such rules and regulations uniformly in all departments to which they are applicable.

Receiving applications for employment from the general public and the referral of selected applicants to Departments which have requisitions for staff appointments on file with the Director for interview.

Investigating and reporting to the Advisory Personnel Committee on recommendations from Department Heads for staff appointments, promotions, adjustments, reclassification of positions, etc.

Director of Personnel—continued

Conferring with the bargaining agents of Civic Employees' Unions regarding grievances relating to any civic personnel matter or with any civic employee regarding personal grievance arising out of his employment, with a view to arranging an amicable settlement.

Arranging, where practicable, the transfer of employees about to be laid off in one department to other departments where employment is or may be available.

An Advisory Personnel Committee, composed of seven members who are appointed annually, was also established during 1945. The Committee is made up of three representatives nominated by the Heads of Departments, one member of the Board of Control and three representatives nominated by the employees. All reports and recommendations by the Director of Personnel are submitted to the Committee for consideration. Decisions of the Committee are transmitted to the Director, who then submits same to the Board of Control together with his comments thereon.

Written applications for employment were received by the Director during 1945 as follows:—August, 330; September, 984; October, 1120; November, 829, and December, 449, while 461 recommendations for appointments, transfers, promotions, adjustments, etc., were prepared and submitted to the Advisory Personnel Committee and the Administration for approval.

VETERANS' INFORMATION OFFICE

Room 21A, Ground Floor, West Side, City Hall
Telephone, Adelaide 7171

The Veterans' Information Officer was appointed by the Board of Control and the office opened May 1, 1945, under the direction of the Mayor's Office.

With over an estimated 80,000 enlistment from the City of Toronto, it has been found necessary to have an office in the City Hall where citizens who have a problem which has developed through service in the Armed Forces can apply for advice and direction, so that their case can be investigated by the Government Department or other agency which is available to give assistance in that particular type of case.

There are few problems which cannot be solved if only the right agency is located. The Veterans' Information Office has knowledge of the many government departments and agencies set up to care for the needs of citizens and when the need is made known, arrangements can be made so that the individual may go direct to the office, where advice or assistance can be given.

Veterans' Information Officer, Lt.-Col. W. J. Finney, O.B.E. Residence Telephone, MA. 2143.

POLICE DEPARTMENT

John Chisholm, Chief Constable

Police Headquarters, Stewart Building
149 College Street

Telephone, Adelaide 2121

DEPT. OF CITY PLANNING AND SURVEYING

RATES TO BE CHARGED FOR MOVING HOUSEHOLD GOODS AND OFFICE FURNITURE

Schedule "A"

Section 33 of By-law 204 of the Board of Commissioners of Police for the City of Toronto, provides in part for the following tariff:

	Rates—Subject to Notes 1, 2 and 3
A. COVERED VANS:	
Up to 600 cubic feet capacity	$2.25 per hour
Over 600 and not over 800 cubic feet capacity	3.00 per hour
Over 800 cubic feet capacity	3.75 per hour
B. OPEN OR TARPAULIN-COVERED TRUCKS:	
With body length not over 10 feet	$1.75 per hour
Over 10 and not over 12 feet	2.00 per hour
Over 12 feet	2.50 per hour

Foregoing rates to include vehicle and driver. When extra men supplied—75c. per hour per man additional.

Rates to be Charged for Moving Household Goods and Office Furniture—continued

C. HORSE-DRAWN VEHICLES:

For one horse waggon .....$1.10 per hour

For two horse waggon ..... 2.00 per hour

Foregoing rates to include vehicle and driver.

NOTE 1:

For the purpose of this Tariff "COVERED VANS" shall mean any vehicle, other than an open or tarpaulin-covered truck, or waggon, used for the conveyance of household goods and office furniture, the body of which is completely enclosed on all sides except at the loading entrance thereof.

NOTE 2:

If vans of greater cubic capacity or trucks of greater body length are supplied than are necessary to contain the goods, the rate to be charged will be that of a van of lesser capacity or truck of lesser body length suitable therefor.

NOTE 3:

The above charges to commence from the time the vehicle leaves the office, warehouse or stand to take up load and to continue until its return thereto.

Rates to be Charged for Moving Household Goods and Office Furniture—continued

D. PIANO MOVING:

Upright pianos from ground floor to ground floor:

Within a radius of four miles, $4.00 each
Beyond a radius of four miles, 6.00 each

Ordinary Grand Pianos
$1.00 plus charge for upright

Concert Grand Pianos
$2.00 plus charge for upright

EXTRA HANDLING:

For each floor above ground floor (when taken up or down stairs) .....
$1.00 plus moving charge

Lowering or hoisting, one floor .....
$4.00 plus moving charge

Lowering and hoisting, one floor .....
$7.00 plus moving charge

Lowering or hoisting, one floor (when not moved) $5.00

Lowering or hoisting over one floor, each additional floor $2.00

Work-cards must be used when operating under this Schedule as provided for in Section 27 of this By-law.

Rates to be Charged for Moving Household Goods and Office Furniture—continued

For other rates, see By-law No. 204 of the Board of Commissioners of Police for the City of Toronto, copy of which may be obtained from License Office at City Hall.

TORONTO OLD AGE PENSIONS BOARD

(Appointed under Old Age Pensions Act, Ontario, R.S.O. 1937, Chapter 314).

The Board consists of five persons; three appointed by the Province and two by the Municipality.

Its duty is to receive all applications for Old Age Pensions and Blind Pensions made by residents of the City of Toronto; and forward them, together with their recommendations to the Old Age Pensions Commission of Ontario.

MEMBERS OF THE BOARD

Appointed by the City—

C. M. Carrie, Chairman
Zeph Hilton

Appointed by the Province—

Mrs. W. A. Walker
Robert Ferguson
Vacant

The actual number of Toronto residents receiving Old Age Pensions at December 31, 1945, was 11,425. The amount paid out in Pensions during 1945 was $3,672,549.76.

At December 31, 1945, 244 persons in Toronto were receiving Blind Pensions, and the amount paid on their behalf totalled $83,170.22.

Toronto Old Age Pensions Board—continued

The City is required to provide office space, staff, etc., and these for administrative purposes constitute a division of the Department of Public Welfare.

MOTHERS' ALLOWANCES TORONTO BOARD

(Appointed in pursuance of the Mothers' Allowance Act, R.S.O., 1937, Chap. 313.)

The Board consists of five persons; three appointed by the Province and two by the Municipality.

Its functions are to receive and consider applications for allowances under the Act made by residents of the City of Toronto and to recommend to the Ontario Mothers' Allowances Commission the payment of allowances to those considered eligible.

A monthly allowance may be paid towards the dependent children of a mother with at least one child under sixteen years of age in her care, who is

(a) a widow, (b) or a mother with a totally and permanently incapacitated husband, (c) or a deserted mother, whose husband has not been heard of for at least three years, (d) or a foster mother, who is married or unmarried and has resident with her one or more orphan children and has not adequate means to care properly for them without the assistance of an allowance. In all cases the applicant must be a British subject by birth or naturalization or is the widow or wife

Mothers' Allowances Toronto Board—continued

of a British subject and has resided in the Province of Ontario for at least two years.

All applications are received and considered by the Department of Public Welfare—Mothers' Allowances Division—and directly submitted to the Ontario Mothers' Allowances Commission.

TORONTO HOUSING BOARD

By By-law No. 16018, passed on November 1, 1943, the Toronto Housing Board was established as an Advisory Board to the City Council and given the following powers and duties:

(a) To consider, study and prepare proposals and plans and from time to time to advise the Council on any and all matters connected with the construction of public low-rental housing projects or schemes within and adjacent to the limits of the Corporation so as to cope with the present housing shortage and prepare for a larger post-war solution of the housing problem of low-income families.

(b) To consider and advise as to the most suitable areas in which to provide proper housing accommodation for such families.

(c) To consider and advise as to design and construction costs of suitable low-rental housing projects, and as to the availability of labour, materials, equipment and priorities and similar matters and generally all administrative matters, such as personnel, rent schedules, selection of tenants, revenues and all matters connected therewith.

(d) To prepare and submit site, design and construction plans in detail of a proposed low-

Toronto Housing Board—continued

rental housing project or scheme for low-income families, to be undertaken as a model scheme, such plans to be prepared in time to permit the commencement of the construction of such project or scheme during the year 1944.

(e) To advise the Council as to the legislation which, in the opinion of the Board should be sought from the Provincial and Federal Governments.

(f) To make such surveys or investigations of housing conditions as may be considered necessary or as may be requested by the City Council.

(g) Generally to consider and advise in relation to the master plan to be submitted by the City Planning Board upon all matters in connection with slum clearance and rehousing and rehabilitation schemes.

(h) To requisition from any Department of the Corporation such technical assistance as the Board may require and to undertake the technical work required in connection with any housing project or scheme.

(i) To acquaint the citizens with the merits of various housing projects or schemes as they are developed and in this connection to consult, whenever it may be deemed advis-

Toronto Housing Board—continued

able, representative citizens and to acquaint the public with any particular project or scheme under consideration.

(j) To select and employ clerical, technical and other staff as the Board may consider necessary.

The present members of the Board are:

Norman S. Caudwell, K.C.

Alderman Wm. H. Collings

Wm. Jenoves

A. W. Laver
Commissioner of Public Welfare

Wm. L. Somerville

Secretary at the Department of the City Clerk, Room 209, City Hall.

PUBLIC LIBRARIES

The management and control of the Public Libraries of the City are vested in the Toronto Public Library Board, appointed pursuant to the provisions of the Act respecting Public Libraries and Art Schools (Chap. 283, R.S.O. 1937) and composed of the Mayor of the City and eight others, three of whom are appointed by the City Council, three by the Board of Education, and two by the Separate (Catholic) School Board. The persons appointed by the City Council and the Board of Education hold office for three years, and those by the Separate School Board for two years. These members retire in rotation at the end of their respective terms on the 31st of January.

The Board holds its regular meeting on the second Tuesday of each month, and the Libraries and Finance Committee meets on the next preceding Thursday.

The Libraries are maintained by an annual appropriation from the tax rates, under legislative enactment, of an amount not to exceed fifty cents per capita of the population of the City as shown in the returns of the Assessment Department. This appropriation is obligatory, but a vote of a majority of the members of the Council present and voting the appropriation may be increased to an amount not exceeding $1.25 per capita.

The Administration Offices are located in the Central Library Building, corner College and St. George Streets. Telephone (switchboard), KIngsdale 1151.

The Downtown Circulating Library is at No. 42 Adelaide Street West.

The Reference Library, the Business and Technical Library, and the Central Circulating Library are located in the main Library building, situated at the corner of St. George and College Streets. Immediately north of this building there is a well-equipped Boys' and Girls' Library in the Boys' and Girls' House. There are sixteen Branch Libraries and also Stations in nineteen Schools and Settlements, etc. Libraries are administered in Christie Street Military Hospital, Queen Elizabeth Hospital, and Runnymede Hospital.

The cost of the main building at College and St. George Streets, and of the Branches on Yorkville Avenue, Queen Street West,

Public Libraries—continued

Annette Street, Broadview Avenue, Roncesvalles Avenue, Bathurst Street and Queen Street East was met by funds provided by the late Andrew Carnegie. Sites and buildings for the other branch libraries were secured by special appropriations from the City.

The Reference Library is open from 10 a.m. to 9.30 p.m.; the Central Circulating Library from 9 a.m. to 9 p.m.; the Downtown Branch from 8.30 a.m. to 8 p.m.; the remaining branch libraries from 2 to 9 p.m.; but closing on Wednesdays. The Boys' and Girls' Library, on St. George Street, opens at 10 a.m. and closes at 6 p.m.

The main building includes, in addition to the administrative offices and the Reference and Circulating Divisions, the Central Reading Room, with an ample supply of the leading Canadian, British and American newspapers and magazines; the Music Library, a popular branch of the lending system; the Reference collection of the bound volumes of the Canadian, British and American patent specifications; a valuable collection of Government documents, and a Bureau of Clippings, these gathered from current periodicals for reference purposes.

In the Circulating portion of the main building are also housed the Kipling Room, with its special collection of books for boys and girls of High

Public Libraries—continued

School age, and the John Ross Robertson Collection of engravings, prints and paintings illustrative of early life in Canada (the largest and most valuable collection of Canadian prints in existence). This room is open to the public daily without charge.

Objects:

(a) To foster and maintain a spirit of good fellowship among former members of the Toronto City Council;

(b) To enable ex-members of the Toronto City Council to meet periodically, to consider, in the light of their experiences and interest in civic affairs, current problems confronting the citizens of Toronto, and to inform themselves as to the relevant facts in relation thereto; to make their individual and collective contribution to good civic government and to progress in the civic life in Toronto.

TORONTO RECONSTRUCTION COUNCIL

The Toronto Reconstruction Council was established by the City Council under By-Law No. 16051 (December 14th, 1943). The function of the Toronto Reconstruction Council is to act in an advisory capacity to the City Council on matters pertaining to post-war planning for the City of Toronto.

The terms of reference, as set forth in By-Law No. 16051, are "to examine into and report on (a) the position, powers, duties and responsibilities which it is considered that the Municipality should have in the post-war era, (b) the plans and policies which it is recommended should be adopted by the Municipality, so that in co-operation with Federal and Provincial Governments and with trade, industry and labour, provision may be made for employment and social security."

The personnel of the Toronto Reconstruction Council is composed of representatives from various community organizations. The Toronto Reconstruction Council is empowered also, to appoint other individuals, who it considers, will contribute to the work of the Council.

TORONTO TRAFFIC CONFERENCE

Secretary: F. D. Tolchard, c/o Board of Trade
King Edward Hotel, King Street E.
Telephone, Elgin 9161

The Toronto Traffic Conference is an advisory body originally appointed in 1930 to advise council on matters of traffic and parking. The original membership of four has been increased to eight and consists of representatives of the Traffic Advisory Board of the Board of Trade (3) The Toronto Transportation Commission, the Police Department, The Ontario Safety League, the Works Committee and the Department of City Planning.

The Conference meets bi-weekly throughout the year on alternate Fridays for the purpose of considering all matters remitted to it by the Works Committee or any other source or initiated by its members. Its findings and recommendations are transmitted to the Works Committee for its information and assistance.

The members serve without remuneration and a place of meeting and secretarial assistance are provided, without cost to the City, by the Board of Trade.

CANADIAN NATIONAL EXHIBITION

In October of 1939, with the consent of the City of Toronto and the Board of the Canadian National Exhibition, the Department of National Defence occupied a very large portion of Exhibition grounds and buildings. A request received early in 1942 from the Department of National Defence was acceded to and the complete use of Exhibition grounds and buildings was made by the Armed Forces. Since 1941 no Exhibition has been held and arrangements were made that no Exhibition would be held until after the war.

With the complete cessation of hostilities, the process of gradual evacuation of Exhibition grounds by the Armed Forces is now under way and the Department of National Defence have offered assurance that this evacuation will be completed by June, 1946. A tremendous amount of rehabilitation work will have to be undertaken and completed to prepare the grounds and buildings for the purposes of an Exhibition. Definite plans are proceeding for a re-opening of the Canadian National Exhibition in 1947 and it is believed that this first post-war Exhibition will prove to be the finest in the C.N.E.'s long history dating back to 1879.

Canadian National Exhibition—continued

The exhibition of 1941, the third held under war conditions since aggressor nations launched their attack on the world was in many respects the best ever conducted by the Association. A new attendance record of 267,000 paid admissions for one day was set on Labour Day. The ready adaptability of the Exhibition to war-time needs was demonstrated and in a variety of ways it contributed handsomely to the war effort. The national morale was improved, business was stimulated and Canada showed the world she is looking to a quick resumption of the arts of peace when victory shall have been achieved.

Out of war was born the precursor of the Canadian National Exhibition in 1792 when the Niagara Agricultural Society was formed in the then wilderness near Newark, now Niagara-on-the-Lake. Its organizers were composed largely of United Empire Loyalists who had come to this country after the American Revolutionary War. With the primitive means at hand with which to develop the agricultural resources of the fertile Niagara Peninsula they laid the foundations of what was to become the world's greatest annual exposition. Governor John Graves Simcoe, first governor of Upper Canada, was keenly interested in the society, subscribing liberally to the prize money and offering encouragement in many ways.

Canadian National Exhibition—continued

There were many obstacles to be overcome in those early days but the determination so characteristic of the settlers resulted in the survival of the Fair. In 1801 the "society instituted in London, Canada, for the encouragement of agriculture, industry and the arts" offered premiums for various branches of the struggling Fair's activities. Eventually came the war of 1812 to bring about a setback but the association was kept alive. In 1820 a cattle show was held at York, now Toronto. Government recognition was gained in 1830 when a grant of $400 was made to agricultural societies. This led to the formation of a provincial agricultural society in 1846. This society held a show each year at different points throughout the growing province. This procedure was adhered to until 1878 when it was decided that an itinerant fair was not in the best interests of the whole community and when the municipality of Toronto undertook to sponsor the erection of large permanent structures for exhibition purposes the show became a Toronto fixture and was held annually as the Toronto Industrial Exhibition. The latter became separated from and independent of the provincial society. In 1912 the name was changed to the Canadian National Exhibition and the show became truly national in scope. Since that time it has expanded steadily until its activities, in

Canadian National Exhibition—continued

peace times, embrace the foremost countries of the world.

The Board of Directors consists of the Mayor of the City of Toronto and seven members of the City Council together with eight representatives of manufacturing interests and eight representatives of agriculture. These are elected from the membership which comprises one hundred and fifty organizations of various kinds.

GROUNDS AND BUILDINGS

Exhibition Park is an exquisitely landscaped property of 350 acres extending for a distance of a mile and a half along the shore of Lake Ontario and well within the city limits. A protected regatta course extends the full length of the park. Beautiful shade trees, paved boulevards, immaculate beds of flowers and foliage in artistic design, wide sweeping lawns and stately buildings of stone, steel, brick and concrete, gems of exposition architecture combine to make a most attractive picture with the blue waters of the lake as background. Many of these great display structures cost in excess of a million dollars each.

At the outbreak of war, which occurred during the Canadian National Exhibition of 1939, the

Canadian National Exhibition—continued

complete plant and equipment was offered to the government for use by the Department of National Defence. Not all of the buildings were required by the armed forces at that time but several of them were occupied by troops in the fall, winter and spring months. Part of the vast Coliseum was established as a manning depot for the Royal Canadian Air Force. Detachments of the Navy are quartered in the mammoth Automotive Building and the army given most suitable accommodation in other fine buildings.

The desirability of this arrangement was quickly demonstrated and it was carried on in the winter of 1940 and 1941; prior to the complete taking over of the C.N.E. grounds and buildings in May of 1942 when all Exhibition activities were suspended for the duration of the war. The Department of National Defence had until this time given the Canadian National Exhibition its hearty co-operation in preserving the continuity of the show. It was agreed that the Exhibition had made a desirable contribution to the national morale, stimulated recruiting, assisted in raising more than $100,000 for various defence causes such as the Red Cross, Britain War Relief and organizations devoted to supplying comforts for the men of the services. The courage, optimism and faith of the management was fully justified by the results. The important part the Canadian

Canadian National Exhibition—continued

National Exhibition plays in Canada's defence effort was proved conclusively. Thus did the "Show Window of the Nations" fulfil its destiny not only as the world's largest annual exposition but as an inspiration to the people of Canada, the British Empire and ultimately the world.

ROYAL AGRICULTURAL WINTER FAIR ASSOCIATION OF CANADA

The Royal Agricultural Winter Fair Association of Canada is a voluntary body, organized in 1919, for the purpose of promoting the higher branches of Agriculture in the Dominion, notably live stock, through the competitive stimulus of an annual exhibition of farm products. Its annual Fair occupies an enviable position among agricultural exhibitions on the American Continent, and in its combined wide scope, representative inclusiveness, variety of exhibits, and high standards is undoubtedly unique in any country.

Included in the membership of the Association are representatives of all existing live stock and other agricultural organizations in Canada, as well as of the Dominion and Provincial Governments and the City of Toronto.

Since the cessation of hostilities a definite demand for the resumption of the Royal Winter Fair has become very evident. This was especially true throughout the Autumn of 1945 and during the early months of 1946; therefore the Directors of the Royal Winter Fair were called to a meeting in Toronto on February 2nd last, at which time through a unanimous vote of those present, the Executive Committee was given instructions to proceed with the necessary preparation in order that the show might be given

Royal Agricultural Winter Fair—continued

in November of this year. Quick action was taken between February 2nd and March 27th, during which certain difficulties and obstacles were cleared away and a final announcement was made to the membership meeting that a show would be held November 12th to the 20th, inclusive, 1946. With this object in view some changes were made in the personnel of Executive Officers and in the Board of Directors. Those present at the Annual Meeting promised the utmost in support of an effort to make the show this year equal to any held in the past, and it is, therefore, fully anticipated that the Royal Winter Fair of 1946 will more than equal in quality and numbers of exhibits that of any show held previous to World War Number Two.

THE TORONTO HARBOUR COMMISSIONERS

By Act of the Parliament of Canada, passed in 1911, The Toronto Harbour Commissioners were incorporated to develop and administer the Port of Toronto. The Commissioners appointed under this Act are five in number—three being appointed by the City Council, one by the Dominion Government, and one by the Dominion Government on the nomination of the Toronto Board of Trade. They are appointed for terms of three years and they serve without remuneration.

They commenced active operations in 1914, and the Harbour, at that time inadequate and relatively inaccessible, has been transformed by the Commissioners, in co-operation with the City Council and the Dominion Government, into one of the most up-to-date on the Great Lakes.

Two modern industrial areas have been created out of the marshlands and lands covered by water which previously were non-revenue-producing. Permanent concrete wharves and piers have been constructed, and the Harbour itself has passed from a state of inadequacy, incapable of accommodating even small vessels drawing 12 feet, to a state of utility and efficiency in keeping with the requirements of a modern harbour capable of accommodating the largest Great Lakes vessels passing through the new Welland Ship Canal and in actual tonnage

The Toronto Harbour Commissioners—continued

it now rates among the highest of Canadian Lake and Sea Ports. The industrial areas are served by wide, paved streets and by Canada's two transcontinental railway lines which are connected with the Harbour front by means of a system of terminal tracks owned or controlled by the Commissioners. There is perfect co-ordination of rail, water and highway transportation.

In addition to the improvements effected in navigation, commercial and industrial facilities, the development plans included the reclamation of park and recreational areas, of which Sunnyside Beach, near the Western entrance to the City, has become Toronto's Lakeshore playground.

Extending easterly from the Humber River to Leslie Street is the cross-town waterfront highway with, for the most part, a minimum pavement width of 50 feet. The foresight in constructing this fast traffic artery, made possible by the waterfront development, is evidenced by the many thousands of motorists using it daily.

In brief, some outstanding features of the waterfront development are:

Deepening of Harbour to accommodate large Great Lakes vessels;

9 miles of modern dockage;

The Toronto Harbour Commissioners—continued

900 acres of land reclaimed for industrial and commercial purposes;

160 acres of land reclaimed for park and recreational purposes between Bathurst Street and the Humber River;

Cross-town waterfront rapid traffic highway, approximately seven miles in length;

12 miles of other streets laid out;

30 miles of terminal railway tracks.

The period in waterfront history from 1911 under the present administration has been marked by phenomenal expansion of Harbour traffic and industrial and commercial activity as shown by the following comparative figures:

Cargo Tonnage, 1912	343,608 tons
Cargo Tonnage, 1945	3,825,767 tons
Assessed Value of Harbour Properties, 1912	$1,976,804.00
Assessed Value of Occupied Harbour Properties, 1945	$26,157,032.00

The two municipal airports, one a combined airport and seaplane base on Toronto Island and the other an all-weather airport at Malton, and also the Toronto Life Saving and Police Patrol Service are administered by the Harbour Commissioners for and at the expense of the City.

Alternating Current Light and Power Rates
Residence Service

Alternating Current — 25 Cycles — 120 Volts.
Energy Charge:

One and eight-tenths cents per kilowatt-hour for the first 50 kilowatt-hours' use per month.

One cent per Kilowatt-hour for all additional consumption.

Prompt payment discount 10%. Minimum monthly bill 75c. (Net).

Commercial Lighting Service

Alternating Current — 25 Cycles — 120 Volts.
Billing Demand — by meter or 100% Installed Capacity.

Monthly Demand Charge:

Five cents per 100 Watts of Installed Capacity or Billing Demand.

Minimum Demand — 500 Watts.
Energy Charge:

One and nine-tenths cents per Kilowatt-hour for equivalent of first 100 hours' monthly use of Billing Demand.

Toronto Hydro-Electric System—continued

Thirty-five one-hundredths cents per Kilowatt-hour for all additional consumption.

Prompt payment discount 10%. Minimum monthly bill 75c. (Net).

Power Service

Alternating Current—25 Cycles—3 Phase 550 Volts. Billing Demand—by meter or 100% installed Capacity. Alternating Current—25 Cycles—3 Phase—208 Volts (See Note).

Monthly Demand Charge:

One dollar per Kilowatt of Installed Capacity or Billing Demand.

Energy Charge:

One and one-half cents per Kilowatt-hour for equivalent of the first 50 hours' monthly use of the Billing Demand.

Nine-tenths cents per Kilowatt-hour for equivalent of the second 50 hours' monthly use of the Billing Demand.

One-quarter cent per Kilowatt-hour for all additional consumption.

Prompt payment discount 10%.

NOTE — Alternating Current 25 Cycles—3 Phase—208 Volts Service is supplied in areas where 4 wire A.C. network is installed.

Toronto Hydro-Electric System—continued

Direct Current service is supplied in a restricted down town area only.

Rates for Direct Current and special classes of service, such as Flat Rate Water Heaters, Hall Lighting, Sign Lighting, etc., may be obtained on application.

The following statistics based on the operations during 1945 are of interest.

Kilowatt-hours sold	1,461,114,646
Peak Load	442,134 H.P.
Total Revenue	$13,900,000.00*

Total System-owned Assets at Dec. 31, 1945	$54,400,000.00*
Net bonded debt at Dec. 31, 1945	$2,808,531.40
System-owned Assets exceed liabilities by	$48,800,000.00*
Equity in H.E.P.C. Sinking Fund	$25,507,933.23

* Estimated.

TORONTO TRANSPORTATION COMMISSION

The Toronto Transportation Commission was incorporated by an Act of the Ontario Legislature assented to June 4th, 1920. The Act of Incorporation is 10-11 Geo. V, 1920, Chap. 144, which may be briefly summarized as follows:

(1) The Commission consists of three members, appointed by the City Council to serve for three years, and to be paid such salary or other remunerations as may be fixed by Council.

(2) No member of the City Council is eligible for appointment as a member of the Commission.

(3) The Commission is entrusted with the control, maintenance, operation and management of:

(a) The Toronto Railway Company upon its acquisition by the City.

(b) The Civic Lines.

(c) Any other street railways that the City may from time to time acquire.

(4) The City may at any time entrust to the Commission the construction, control, maintenance, operation and management of lines of motor buses, or subways, or of tubes, or of any method of underground or local overhead transportation (This was done by By-law No. 8564.)

Toronto Transportation Commission
—continued

(5) To consider generally all matters relating to local transportation in the City of Toronto.

(6) To construct, control, maintain, operate and manage new lines of street railway.

(7) To fix such tolls and fares so that the revenue of the Commission shall be sufficient to make all transportation facilities under its control and management self-sustaining after providing for such maintenance, renewals, depreciation and debt charges as it shall think proper.

(8) To requisition the City for money necessary to carry out its powers and duties. But nothing contained in the Act of Incorporation shall divest the Council of its authority with reference to providing money for such purposes.

(9) The Commission to furnish the City annually an Operating and Financial Statement, and keep its books at all times open for inspection by the Audit Department of the City.

The fares chargeable by the Commission are as follows:

Fares for Adults:

Four tickets for 25 cents; cash fare, 10 cents.

Toronto Transportation Commission
—continued

Fares for Children:

(a) Infants "in-arms", free. Children, not over 53½ inches in height: Cash, three cents; ten tickets for 25 cents.

(b) School Children's tickets: School Children's tickets are sold at the rate of seven for 25 cents, and are for the use of all school children under 16 years of age. The tickets are good only going to and from school, between the hours of 8 a.m. and 4.30 p.m., and are not valid on Saturdays, Sundays or on other days when schools are closed.

Free transportation privileges on the street cars are provided to the members of the War Amputations of Canada and to blind people in Toronto receiving passes through the Canadian National Institute for the Blind.

Free transportation privileges are provided on Sundays from 6.00 a.m. to 12.00 midnight: (a) to those in the uniforms of the armed services; (b) to a child, not over 53½ inches in height, who is with a person paying an adult fare.

Free transfers are issued between all street cars within the City limits and between street cars and "feeder" buses within the City limits.

To protect the City's huge investment and its rights to control public transportation in its

Toronto Transportation Commission
—continued

streets, the City authorized the Commission's acquirement of control of the principal motor coach routes radiating from the City and of motor coach sight-seeing services in the City. These services and other special motor coach and motor launch services are operated by the Commission under the name of Gray Coach Lines, Limited. With its routes extending from the United States border at Niagara Falls and Buffalo to Toronto and thence to Muskoka Lakes, North Bay and other northern Ontario resorts, Gray Coach Lines' motor coach services have made Toronto the hub of highway travel and have developed a profitable tourist business for Toronto. Complete information in reference to the services of Gray Coach Lines and connecting motor coach services to all points in Canada and the United States is available at Toronto Bus Terminal, 602 Bay Street, or by telephoning ADelaide 4221.

Several municipalities adjacent to Toronto have arranged to have their local public transportation services managed by the Toronto Transportation Commission. This arrangement is advantageous to these municipalities and does not impose any financial responsibility on Toronto or on the Commission. These include street railway services in York Township,

Toronto Transportation Commission
—continued

Weston, and the municipalities between Toronto and Richmond Hill on north Yonge Street; and bus services in York Township, Forest Hill Village, Leaside and East York Township.

The Toronto Island Ferries, now owned by the City of Toronto, have been managed by the Transportation Commission since February, 1927. Passenger and freight service is supplied by a fleet of ferry boats and freight craft between the mainland and the three Islands—Centre Island, Hanlan's Point and Ward's Island. The one-way trip to any of these points is made in approximately fifteen minutes.

The ferry service is managed by the Commission under an agreement with the City. The finances of this service are entirely separate from those of the other service managed by the Commission under its Act of Incorporation.

The rates of fare are the same on the ferries as on the City street car system, the same tickets being good on either service, but no transfer tickets are issued between the ferries and the street cars.

This is the twenty-sixth year of the Commission's operation of the various transportation services. During the preceding twenty-five

Toronto Transportation Commission
—continued

years, approximately 7-1/3 billions of passengers have travelled on the street cars, buses, motor coaches, ferries and motor launches operated by the Commission.

The Commission operates 975 electric street cars and 71 electric service cars. The street cars travel a distance of approximately 35,100,000 miles in services during a year. The 355 buses and motor coaches travel 11,660,000 miles yearly. The fleet of five ferry boats carry nearly 2,500,000 passengers during the Summer. Approximately 4,800 people are regularly employed by the Commission.

The Commissioners are as follows:

Wm. C. McBrien, Chairman.

Wm. Croft, Vice-Chairman.

W. G. Russell, Commissioner.

H. C. Patten, General Manager.

C. A. Ward, Secretary and Public Relations Executive.

Offices:

35 Yonge Street, Telephone, WAverley 7611

LOCAL RATION BOARD T. 1

The Ration Board is set up by the authority of The Wartime Prices and Trade Board and its function is to serve the Toronto area.

Chairman: Mayor Robert H. Saunders.

Secretary: Fred C. Hamilton.

Assistant Secretary: A. Simmons.

The Board consists of ten members representing a cross-section of the various interests in the community. District offices are located in the Fire Halls at 1904 Queen Street East near Herbert Avenue; 30 Montgomery Avenue near Yonge Street; 550 Greenwood Avenue near Danforth Avenue; and 358 Keele Street near Dundas Street.

At these offices citizens apply for Ration Books to replace those lost or destroyed; books for new-born babies and for personnel discharged from Armed Forces, and for persons who have not previously applied. Temporary Ration Cards are issued to Visitors to Canada for five days or more and ration coupons are issued to hostesses serving meals to members of the Armed Forces. Special coupons for evaporated milk are issued to infants on formula and to adults on special diet. Changes of names or addresses are recorded and general information given to the public on rationing matters.

Central Office:
Room 350 City Hall, third floor, east side.
Telephone, Adelaide 7171.

THE BOARD OF TRADE OF THE CITY OF TORONTO

The Board of Trade of the City of Toronto was founded in 1844 and incorporated by an Act of the Legislature of the late Province of Canada in 1845.

The principal objects of the Board are:

(a) To promote and/or support such measures as, upon due consideration, are deemed calculated to advance and render prosperous the lawful trade and commerce and to foster the economic and social welfare of the City of Toronto in particular and of the Province of Ontario and of the Dominion of Canada in general.

(b) To promote the establishment and maintenance of uniformity in the business of its members and those dealing with them.

(c) To adjust, settle and determine controversies and misunderstandings between persons engaged in trade.

(d) To advance in all lawful ways the commercial interests of the members of the Board generally and to secure the advantages to be obtained by mutual co-operation.

The Board of Trade of the City of Toronto
—continued

(e) To stimulate in such way as may be determined from time to time social intercourse among the members of the Board.

The Board is one of the largest commercial organizations in the British Empire and functions through a Council of nineteen elected members and a number of Committees, the principal of which are Aviation, Engineering Advisory, Insurance, Legislation, Northern Ontario, Public Relations, Social Problems, Taxation and Transportation and Customs. The Board also operates fifteen Trade and Professional Branches, namely, Air Conditioning Industries; Beef, Lamb and Veal; Book Publishers, British Empire Overseas, Dairy, Fuel Dock, Funeral Directors, Grain and Grain Products, Lumbermen, Motion Picture, Oil Heating, Produce, Provision Trade and Toronto Laundryowners' Exchange, and has affiliated with it the Fuel Protection Association. Each Trade Branch and affiliated organization is self-governing in matters affecting only its own trade or profession, except when the support of the Board as a whole is desired, at which time recommendations are subject to the approval of the Council of the Board.

The Board has direct representation on a number of bodies concerned with commercial,

The Board of Trade of the City of Toronto
—continued

social and cultural development in the Toronto area.

The Young Men's Section comprises young men between the ages of eighteen and thirty. The Section meets every three weeks, on Tuesdays, at 5.45 p.m. for dinner meetings, from October 1st to April 30th. The members are granted limited privileges in the Board of Trade.

At the offices of the Board of Trade inquiries from all parts of Canada and throughout the world are received and dealt with. Consultation privileges are available to members upon matters pertaining to business. All phases of trade development and protection from local to world-wide scope come under the review of the Board.

Canadian Manufacturers' Association—continued

The work of the Canadian Manufacturers' Association is based upon the studies, recommendations, and suggestions of its Standing and Special Committees, and Division and Branch Committees.

On all matters of national importance to manufacturers these studies, recommendations, and suggestions go to the Association's governing body or parliament, namely the Executive Council. The Executive Council consists of members elected annually representing all provinces, and almost every type of manufacturing in the Dominion. The members of Council are nominated by the local Committees throughout the country, and are experienced business leaders in their respective communities. Council meets regularly, and the annual election ensures the introduction of some newcomers each year. It can be said that policies decided upon by the Executive Council truly represent the views of the Canadian manufacturing industry as a whole.

The Executive Committee, which might be described as the cabinet, or board of directors, of the Association, also represents all parts of Canada, and consists of the President, the First and Second Vice-Presidents, the Treasurer, the Immediate Past President, the Chairman of the

nine Standing Committees, the Chairman of the five Divisions, and six members elected by the Executive Council for three-year terms.

There are nine Standing Committees, viz., Legislation, Industrial Relations, Commercial Intelligence, Tariff, Transportation, Insurance, Publishing, Education, and Membership. These are national Committees, and are elected at the Annual General Meeting each year. There are numerous Division and Branch Committees in the five Divisions and twenty-six Branches from coast to coast. In all, almost 1,000 members of the Association serve on these various Committees.

TORONTO CONVENTION AND TOURIST ASSOCIATION INCORPORATED

This Association was organized in the year 1926 for the purpose of increasing tourist traffic and securing Conventions for the City of Toronto.

Officers

Hon. President, Robert H. Saunders, K.C. (Mayor).
President, Charles Q. Ellis.
Vice-Presidents, John C. Porter and J. Johnson.
Executive Vice-President, T. H. R. McNally.
Secretary, T. M. Kyle.
Treasurer, H. C. Bourlier.

Address—Rooms 108-109, 37 Bloor Street West
Telephones, Midway 9874-5

This Association is governed by an executive committee appointed from its elected Directorate, and is the recognized channel of community enterprise for the promotion of the visitor industry. It carries on the advertising, selling and promotional work on behalf of the city to secure transient visitors. During the summer months it maintains Toronto's official tourist information office on Lake Shore Boulevard. The Association's activities are financed by the membership fees and subscriptions of its supporters and an annual grant from the Corporation of the City of Toronto.

TORONTO INDUSTRIAL COMMISSION

The Toronto Industrial Commission was incorporated by Letters Patent under the Ontario Companies' Act on 28th of December, 1928, and began active operations on the 13th of March, 1929. The Commission's objectives are to secure industries for, and aid industries in, the City of Toronto and surrounding territory and to give publicity to the advantages of the Toronto area for business and manufacturing purposes.

It maintains comprehensive data concerning available industrial properties, accepts no commissions or fees, preserves confidential relations with its correspondents, invites suggestions as to names of companies which might advantageously locate in the Toronto area, and has a staff of qualified engineers in industrial, economic and statistical research.

During 1945 the Commission co-operated in the establishment of twenty-four new industrial developments in the Toronto area. Numerous existing Toronto industries in 1945 were assisted in securing larger or more suitable manufacturing space, new lines to manufacture and given data on sources of materials, taxation and numerous other subjects.

Factory space for new and expanding industries has been a serious problem. As part of its

Toronto Industrial Commission—continued

post-war programme the Commission suggested the use of former war plants of the Federal Government for multiple-occupancy. As a result two such buildings have been used during 1945 to house 25 companies with a total employment of 2800 persons. Additional space of this kind is a most serious need.

TORONTO AND YORK ROADS COMMISSION
(Appointed under 5 Geo. V., Chap. 17)

The Commission consists of five persons, two appointed by the County Council of York and two appointed by the City of Toronto, and a fifth to be appointed by the four elected members or the Lieut.-Governor in Council. Its duty is the improvement and maintenance of main suburban roads to be determined upon by the Commission. The cost is to be borne by the City, the County and the Ontario Government in the following proportions: 25 per cent. by the City, 25 per cent. by the County, and 50 per cent. by the Ontario Government. The members and officers of the Commission are as follows:

COMMISSIONERS

R. Earl Bales, Chairman, 4571 Yonge Street, Lansing.

Norman W. Long, Vice-Chairman, 65 Joicey Blvd., Toronto.

A. Kingsley Graham, K.C., 32 Kilbarry Road, Toronto.

W. J. Gardhouse, 206 Queen's Drive, Weston.

Fred A. Lundy, 94 Prospect Avenue, Newmarket, Ontario.

Toronto and York Roads Commission—continued

W. W. Gardhouse, Secretary-Treasurer.
H. C. Rose, B.A.Sc., Chief Engineer.
J. D. Lucas, Solicitor.
J. P. Langley & Co., Auditors.

THE ONTARIO MUNICIPAL ASSOCIATION

This organization, composed of delegates appointed by different municipalities throughout the Province of Ontario, has been formed for the purpose of discussing important municipal topics and of prompting desirable municipal legislation. The delegates are either members or officers of municipal councils.

The annual meetings are held in Toronto, usually during last week in August or first week in September.

OFFICERS, 1945-1946

President—His Worship, Mayor W. S. Beaton, Sudbury.

Vice-Presidents—E. J. Campbell, Brantford; H. G. Taylor, South Dorchester Township; W. W. Gardhouse, York County; A. McCann, Brantford Township; C. C. Middlebro', Owen Sound.

ONTARIO MUNICIPAL BOARD

R. S. Colter, K.C., Chairman.
W. P. Near, B.A.Sc., Vice-Chairman.
W. J. Moore, O.L.S., Member.
Miss M. B. Sanderson, Secretary.
J. A. McDonald, Inspector of Telephone Service.

Offices—Parliament Buildings

Telephone—AD. 1211

The Ontario Municipal Board is an administrative Board appointed by the Province of Ontario and given a great variety of functions amongst which are:

Approval of any municipal debenture issue.

Dispensation of vote of ratepayers under certain circumstances or emergencies.

Approval of all municipal Restricted Area or Zoning By-laws.

Assessment Appeals in certain classifications.

Arbitrations re lands taken, by Province of Ontario, for Highways, Public Parks, Public Works, etc.

Supervision of Independent Telephone Systems, of which there are 562 in Ontario.

Supervision of Street Railways operated under Province of Ontario Charters.

Granting of Certificates for Licenses for Publice Vehicles and Public Commercial Vehicles.

Many other duties as per general and special statutes.

THE CONSUMERS' GAS COMPANY OF TORONTO

The Consumers' Gas Company was incorporated on March 23rd, 1848, for the purpose of supplying the City of Toronto with gas.

THE TORONTO HUMANE SOCIETY

President

The Honourable R. C. Matthews, P.C.

Administration Headquarters

11 St. Albans Street, Telephone Kingsdale 1191

The Toronto Humane Society was incorporated in the year 1887 for the purpose of promoting and developing Humane public sentiment, and to secure the enactment and enforcement of suitable laws for the prevention of cruelty to animals. The work of the Society has been carried on continuously since its foundation. At the Headquarters of the Society, 11 St. Albans Street it operates the City Pound and performs the duties of Dog Catching for the City. The activities of the Society have grown until it is recognized as one of the best of its kind on the continent.

Its records for the year 1945 show that its motor cars responded to 25,711 calls, including 3,701 emergency calls, sent to Headquarters by citizens. Complaints attended to numbered 1,518 Constant inspection is maintained over the conditions under which animals for human consumption are handled. During 1945 this entailed the inspection of 172,348 cattle, sheep, swine and poultry. In its general work the Society gives a twenty-four hour service, 365 days of the year for the relief of suffering animals.

The Toronto Humane Society—continued

The Society is organized and operates for the prevention of cruelty. Healthy squirrels are not under its care and cannot be. It does try to help citizens who are annoyed by squirrels. The Society has a number of humane squirrel traps which may be rented by citizens who may wish to rid themselves of the nuisance of squirrels. It charges a deposit on each trap, half of which is rebated when the trap is returned.

EXECUTIVE OFFICERS

Executive Director, W. H. Dewar
Executive Secretary, Welfare Council Department
Bessie Touzel

Every community has its problems of social break-down. As the community grows the problems of indigence, dependency and illness grow with it. With the increasing complexity of modern city life, health and welfare services have become a recognized responsibility of civic government. Public assistance serves those

United Welfare Chest—continued

persons described in legislation or order-in-council as in specific need, while private agencies attempt to meet those needs not recognized in legislation, and carry much of the responsibility for interpretation of need not yet widely understood. These private agencies are often the pioneers in social welfare.

Because of the pressure of events during the past few years there has been a marked trend toward greater co-ordination of both public and private effort in an endeavour to eliminate overlapping and make for more effective and economic service in the interests of people served. The first and simplest mode of co-operation was in the direction of eliminating overlapping, through a system of registration provided by the Social Service Index. Then followed the attempt to unite all voluntary agencies in a common appeal for the support of the public, through community chests or federations for community service. Of these, three were formed in Toronto: Federation for Community Service, Federation of Catholic Charities and the United Jewish Welfare Fund. Seventy-two important agencies were included in these federations, but a number still continued their own programmes outside the federation group. Out of the federations there developed naturally the demand for co-operation in policy

United Welfare Chest—continued

and action which led, in 1937, to the formation of a Welfare Council of Toronto and District. Within this Council any form of organized effort, whether public or private, was given its place, and thus the Council served as a veritable parliament of agencies, constantly deliberating and acting in the interests of greater well-being, utilizing the best thought of the community and focusing its goodwill and its resources with the minimum of waste or friction. These developments of the past have resulted in the establishment of the United Welfare Chest, which held its first annual campaign in September, 1944, and operated fully as from January, 1945. The United Welfare Chest does the work previously done by the Federations, the Welfare Council and the Social Service index.

A classified list of all the welfare services in Toronto with a brief statement of their purpose is available in the Directory of Welfare Resources issued by the Welfare Council of the United Welfare Chest.

TELEPHONE SERVICE IN TORONTO

Telephone service in Toronto and the adjoining communities is provided by The Bell Telephone Company of Canada. The Company was incorporated by Dominion charter on April 29, 1880. Nearly a year later, on April 21, 1881, it absorbed the Toronto Telephone Despatch Company, which had been serving Toronto citizens since 1878.

When the Bell Company began operations here, there were only 400 telephones in Toronto. Today, about 275,000 telephones are in use in the Toronto exchange area and some 13,000 in the City's suburbs. Nearly one-sixth of the telephones in service in the Dominion of Canada are in Greater Toronto. Approximately 68 per cent of all Toronto families have telephones.

Torontonians place over 2,100,000 local calls daily, and during the peak hour from 10 a.m. to 11 a.m. more than 200,000 local calls are made. Over 1,100 long distance circuits terminate at Toronto's long distance centre, largest in Canada, and on an average day Torontonians make about 24,000 long distance calls. This figure takes in only calls which originate in Toronto. It is estimated that about three times that number—incoming, outgoing and through calls—are cleared daily through the Toronto long distance centre. There are 70 long distance telephone circuits between Toronto and Montreal, 32 to

Telephone Service in Toronto—continued

Ottawa, 21 each to Buffalo, London and New York. The 73-circuit long distance highway between Toronto and Hamilton is the broadest in the Dominion, and the Toronto-Vancouver circuit is the longest in Canada.

There are more than 3,900 Bell Telephone employees in Toronto. About a million people visit the company's business offices in Toronto every year and over 300,000 transactions between the company and its subscribers are handled by telephone.

During 1946, Bell Telephone's gross construction program in Toronto and vicinity will exceed $7,000,000. Not only will most of the existing exchanges be enlarged to serve new subscribers, but "Orchard", an entirely new exchange, will be constructed for the benefit of residents in the northwest part of the city. Even "Oliver", Toronto's only manual exchange, is being expanded, though longer range plans call for a conversion of this equipment to dial at the earliest possible date.

While several thousand waiting applicants will get telephones before the end of the year, it will likely be 1947 before the full post-war tempo is achieved and all new orders filled on demand. With the problems of reconversion gradually being solved, an increasing supply of telephone equipment is being made available

Telephone Service in Toronto—continued

for civilian users. New applicants, however, will still be subject to some delay as requests are being handled strictly on the principle of "first come first served".

Factors in the supply of telephone service come under several main categories: the telephone instrument itself; the lines connecting it to the central office or exchange; the automatic or dial equipment in the central office; and the buildings to house this equipment. Naturally, if any one of these is unavailable the provision of telephone service is delayed.

Executive officers of The Bell Telephone Company of Canada include F. Johnson, President; P. A. McFarlane, J. H. Brace and R. V. Macaulay, Vice-Presidents; H. G. Young, General Manager, Western Area, and Frank H. Rowe, Toronto Manager.

Weather Averages, 1945

Mean temperature—46.3° or 0.5° above average.
Precipitation—40.59 inches or 8.41 inches above average.
Snowfall for the winter 1944-45—76.1 inches or 14.2 inches above average.
Sunshine—1950 hours, 101 hours below average.

THE CANADIAN RED CROSS SOCIETY

Founded 1896, incorporated 1909.
Organization — National and Overseas Offices, Provincial Divisions, 2,600 Branches.
Membership—Over 2,000,000 Junior and Senior.

THE PEACETIME WORK

Red Cross approaches its peacetime work in the same spirit as it has carried on its great war undertakings . . . to relieve suffering and need anywhere and everywhere in Canada to the full exent of its resources. By the same policy, large shipments of food, clothing and medical supplies are pouring out of our overseas warehouses destined for many sore places of need in Britain, in Europe and Asia. By the same policy, our sick and disabled veterans in hospitals overseas and in Canada are receiving all the care and kindness we can possibly give them, and this care will continue while any need for it yet remains. For the comfort and recreation of these men, Red Cross Lodges have been built or are under construction in connection with the large military hospitals in Canada. Help for our veterans will always remain the first task of the Red Cross.

OUTPOST HOSPITALS

Today a chain of Red Cross Outpost Hospitals and nursing stations can be found in the hinterlands and frontier districts of our Dominion,

bringing medical science within reach of these isolated communities. Living under pioneer conditions, the Outpost nurses save many a life for Canada and in their service in rural schools and settlers' homes are bringing health and security to these people. Erection of new Outposts and the expansion of this Service are now under way.

BLOOD TRANSFUSION SERVICE

Many Canadian hospitals are without adequate stocks of blood serum or blood transfusion facilities. It is proposed to establish a National Blood Transfusion service to provide every Canadian, free of charge, with the blood he needs. Just as the Red Cross Blood Donor Service saved the lives of many during the war, this new service will be the means of saving many lives among civilians in the years to come.

JUNIOR RED CROSS

The 900,000 Junior Red Cross members in the schoolrooms of Canada today will undoubtedly be one of the greatest forces for the future good of our country. To be a member of this world-wide organization, one must learn to be a good citizen. Not only have these Juniors done a magnificent war job, but in less than 25 years they have helped more than 25,000 crippled chil-

The Canadian Red Cross—continued

dren in Canada. They maintain two Canadian hospitals for crippled children as well as a number of war nurseries in Britain.

HEALTH AND OTHER ACTIVITIES

Improvement of the health of our people is one of the primary aims of this Society. Nutrition Service: Home Nursing, First Aid, Water Safety . . . all these and other Red Cross services will continue and expand for the benefit of our Canadian people.

The Canadian Red Cross, as an auxiliary of the Department of National Defence, submits its audited statements to the Auditor-General of Canada.

National Officers

His Excellency, the Governor-General of Canada, President.

Jackson Dodds, C.B.E., Montreal, Chairman of Central Council.

Norman C. Urquhart, Toronto, Chairman Executive Committee.
